(*a*) enter, with such assistants (if any) being persons in the employment of Government or of any municipal or other public authority, as he thinks fit, any place which is, or which he has reason to believe to be, used as a factory or capable of being declared to be a factory under the provisions of section 5;

CHAPTER III.

HEALTH AND SAFETY.

Cleanliness.

13. Every factory shall be kept clean and free from effluvia arising from any drain, privy or other nuisance, and shall be cleansed at such times and by such methods as may be prescribed, and these methods may include lime-washing or colour-washing, painting, varnishing, disinfecting and deodorising.

Ventilation.

14. (*1*) Every factory shall be ventilated in accordance with such standards and by such methods as may be prescribed.

(*2*) Where gas, dust or other impurity is generated in the course of work, adequate measures shall be taken to prevent injury to the health of workers.

(*3*) If it appears to the Inspector that in any factory gas, dust or other impurity generated in the course of work is being inhaled by the workers to an injurious extent, and that such generation or inhalation could be prevented by the use of mechanical or other devices, he may serve on the manager of the factory an order in writing, directing that mechanical or other devices for preventing such generation or inhalation shall be provided before a specified date, and shall thereafter be maintained in good order and used throughout working hours.

(*4*) The Local Government may make rules for any class of factories requiring mechanical or other devices to be provided and maintained for preventing the generation or inhalation of gas, dust or other impurities, which may be injurious to workers and specifying the nature of such devices.

Artificial humidification.

15. (*1*) The Local Government may make rules—

(*a*) prescribing standards for the cooling properties of the air in factories in which the humidity of the air is artificially increased;

(*b*) regulating the methods used for artificially increasing the humidity of the air; and

(*2*) In any factory in which the humidity of the air is artificially increased, the water used for the purpose shall be taken from a public supply or other source of drinking water, or shall be effectively purified before it is so used.

(*3*) If it appears to the Inspector that the water used in a factory for increasing humidity which is required to be effectively purified under sub-section (*2*) is not effectively purified, he may serve on the manager of the factory an order in writing, specifying the measures which in his opinion should be adopted, and requiring them to be carried out before a specified date.

Cooling.

16. If it appears to the Chief Inspector or to an Inspector specially authorised in this behalf by the Local Government that the cooling properties of the air in any factory are at times insufficient to secure workers against injury to health or against serious discomfort, and that they can be to a great extent increased by measures which will not involve an amount of expense which is unreasonable in the circumstances, the Chief Inspector may serve on the manager of the factory an order in writing, specifying the measures which in his opinion should be adopted, and requiring them to be carried out before a specified date.

Overcrowding.

17. In order that no room in a factory shall be crowded during working hours to a dangerous extent or to an extent which may be injurious to the health of the workers, the proportion which the number of cubic feet of space in a room and the number of superficial feet of its floor area bears to the number of workers working at any time therein shall not be less than such standards as may be prescribed either generally or for the particular class of work carried on in the room.

18. (*1*) A factory shall be sufficiently lighted during all working hours.

(*2*) If it appears to the Inspector that any factory is not sufficiently lighted, he may serve on the manager of the factory an order in writing, specifying the measures which in his opinion should be adopted, and requiring them to be carried out before a specified date.

For every factory sufficient latrines and urinals, according to the prescribed standards, shall be provided, for male workers and for female workers separately, of suitable patterns and at convenient places as prescribed, and shall be kept in a clean and sanitary condition during all working hours.

Doors to open outwards.

21. In every factory the doors of each room in which more than twenty persons are employed shall, except in the case of sliding doors, be constructed so as to open outwards, or, where the door is between two rooms, in the direction of the nearest exit from the building, and no such door shall be locked or obstructed while any work is being carried on in the room.

Precautions against fire.

22. In every factory such precautions against fire shall be taken as may be prescribed.

Means of escape.

23. (*1*) Every factory shall be provided with such means of escape in case of fire as can reasonably be required in the circumstances of each factory.

(*2*) If it appears to the Inspector that any factory is not so provided, he may serve on the manager of the factory an order in writing, specifying the measures which in his opinion should be adopted, and requiring them to be carried out before a specified date.

(*3*) The means of escape shall not be obstructed while any work is being carried on in the factory.

(*3*) All fencing required by or under this section or under sub-section (*1*) of section 26 shall be maintained in an efficient state at all times when the workers have access to the parts required to be fenced except where they are under repair or are under examination in connection with repair or are necessarily exposed for the purpose of cleaning or lubricating or altering the gearing or arrangements of the machinery.

(*4*) Such further provisions as may be prescribed shall be made for the protection from danger of persons employed in attending to the machinery in a factory.

Power to require specifications of defective parts or tests of stability.

25. If it appears to the Inspector that any building or part of a building, or any part of the ways, machinery or plant in a factory is in such a condition that it may be dangerous to human life or safety, he may serve on the manager of the factory an order in writing requiring him before a specified date—

(*a*) to furnish such drawings, specifications and other particulars as may be necessary to determine whether such building, ways, machinery or plant can be used with safety, or

(*b*) to carry out such tests as may be necessary to determine the strength or quality of any specified parts and to inform the Inspector of the results thereof.

Power to exclude children.

28. (*1*) The Local Government may make rules prohibiting the admission to any specified class of factories, or to specified parts thereof, of children who cannot be lawfully employed therein.

Prohibition of employment of women and children near cotton-openers.

29. No woman or child shall be employed in any part of a factory for pressing cotton in which a cotton-opener is at work:

(2) The appellate authority may, and if so required in the petition or appeal shall, hear the appeal with the aid of assessors, one of whom shall be appointed by the appellate authority and the other by such body representing the industry concerned as the Local Government may prescribe in this behalf:

Provided that if no assessor is appointed by such body, or if the assessor so appointed fails to attend at the time and place fixed for hearing the appeal, the appellate authority may, unless satisfied that the failure to attend is due to sufficient cause, proceed to hear the appeal without the aid of such assessor, or, if it thinks fit, without the aid of any assessor.

(3) In the case of an appeal against an order under section 16 the appellate authority shall, and in any other case except an appeal against an order under sub-section (2) of section 26 or sub-section (2) of section 28 the appellate authority may, suspend the order appealed against pending the decision of the appeal, subject however to such conditions as to partial compliance or the adoption of temporary measures as it may choose to impose in any case.

Power of Local Government to make rules to supplement this Chapter.

32. The Local Government may make rules—

(b) prescribing the standards for such rooms and the nature of the supervision to be exercised over the children therein.

certificates of stability,—

(3) The Local Government may also make rules, for any class of factories and for the whole or any part of the province, requiring that work on a manufacturing process carried on with the aid of power shall not be begun in any building or part of a building erected or taken into use as a factory after the commencement of this Act, until a certificate of stability in the prescribed form, signed by a person possessing the prescribed qualifications, has been sent to the Inspector.

(a) specifying the operation and declaring it to be hazardous,

(b) prohibiting or restricting the employment of women, adolescents or children upon the operation,

CHAPTER IV.

RESTRICTIONS ON WORKING HOURS OF ADULTS.

Weekly hours.

34. No adult worker shall be allowed to work in a factory for more than fifty-four hours in any week, or, where the factory is a seasonal one, for more than sixty hours in any week:

Provided that an adult worker in a non-seasonal factory engaged in work which for technical reasons must be continuous throughout the day may work for fifty-six hours in any week.

Weekly holiday.

35. (1) No adult worker shall be allowed to work in a factory on a Sunday unless—

(a) he has had or will have a holiday for a whole day on one of the three days immediately before or after that Sunday, and

(b) the manager of the factory has, before that Sunday or the substituted day, whichever is earlier,—

(i) delivered a notice to the office of the Inspector of his intention to require the worker to work on the Sunday and of the day which is to be substituted, and

(ii) displayed a notice to that effect in the factory:

Provided that no substitution shall be made which will result in any worker working for more than ten days consecutively without a holiday for a whole day.

(2) Notices given under sub-section (1) may be cancelled by a notice delivered to the office of the Inspector and a notice displayed in the factory not later than the day before the Sunday or the holiday to be cancelled, whichever is earlier.

(*3*) Where, in accordance with the provisions of sub-section (*1*), any worker works on a Sunday and has had a holiday on one of the three days immediately before it, that Sunday shall, for the purpose of calculating his weekly hours of work, be included in the preceding week.

Daily hours.

36. No adult worker shall be allowed to work in a factory for more than ten hours in any day:

Provided that a male adult worker in a seasonal factory may work for eleven hours in any day.

Intervals for rest.

37. The periods of work of adult workers in a factory during each day shall be fixed either—

(*a*) so that no period shall exceed six hours, and so that no worker shall work for more than six hours before he has had an interval for rest of at least one hour;

or

(*b*) so that no period shall exceed five hours and so that no worker shall work for more than five hours before he has had an interval for rest of at least half an hour, or for more than eight and a half hours before he has had at least two such intervals.

Spreadover.

38. The periods of work of an adult worker in a factory shall be so arranged that, along with his intervals for rest under section 37, they shall not spread over more than thirteen hours in any day, save with the permission of the Local Government and subject to such conditions as it may impose, either generally or in the case of any particular factory.

Notice of Periods for Work for Adults and preparation thereof.

39. (*1*) There shall be displayed and correctly maintained in every factory in accordance with the provisions of sub-section (*2*) of section 76 a Notice of Periods for Work for Adults showing clearly the periods within which adult workers may be required to work.

(*2*) The periods shown in the Notice required by sub-section (*1*) shall be fixed beforehand in accordance with the following provisions of this section and shall be such that workers working for those periods would not be working in contravention of any of the provisions of sections 34, 35, 36, 37 and 38.

(*3*) Where all the adult workers in a factory are required to work within the same periods, the manager of the factory shall fix those periods for such workers generally.

(*4*) Where all the adult workers in a factory are not required to work within the same periods, the manager of the factory shall classify them into groups according to the nature of their work.

(*5*) For each group which is not required to work on a system of shifts, the manager of the factory shall fix the periods within which the group may be required to work.

(*6*) Where any group is required to work on a system of shifts and the relays are not to be subject to predetermined periodical changes of shift, the manager of the factory shall fix the periods within which each relay of the group may be required to work.

(7) Where any group is to work on a system of shifts and the relays are to be subject to predetermined periodical changes of shifts, the manager of the factory shall draw up a scheme of shifts whereunder the periods within which any relay of the group may be required to work and the relay which will be working at any time of the day shall be known for any day.

(8) The Local Government may make rules prescribing forms for the Notice of Periods for Work for Adults and the manner in which it shall be maintained.

Copy of Notice of Periods for Work to be sent to Inspector.

40. (1) A copy of the Notice referred to in sub-section (1) of section 39 shall be sent in duplicate to the Inspector within fourteen days after the commencement of this Act, or, if the factory begins work after the commencement of this Act, before the day on which it begins work.

(2) Any proposed change in the system of work in a factory which will necessitate a change in the Notice shall be notified to the Inspector in duplicate before the change is made, and, except with the previous sanction of the Inspector, no such change shall be made until one week has elapsed since the last change.

Register of Adult Workers.

41. (1) The manager of every factory shall maintain a Register of Adult Workers showing—

(a) the name of each adult worker in the factory,

(b) the nature of his work,

(c) the group, if any, in which he is included,

(d) where his group works on shifts, the relay to which he is allotted, and

(e) such other particulars as may be prescribed:

Provided that, if the Inspector is of opinion that any muster roll or register maintained as part of the routine of a factory gives in respect of any or all of the workers in the factory the particulars required under this section, he may, by order in writing, direct that such muster roll or register shall to the corresponding extent be maintained in place of and be treated as the Register of Adult Workers in that factory:

Provided further that, where the Local Government is satisfied that the conditions of work in any factory or class of factories are such that there is no appreciable risk of contravention of the provisions of this Chapter in the case of that factory or factories of that class, as the case may be, the Local Government may, by written order exempt, on such conditions as it may impose, that factory or all factories of that class, as the case may be, from the provisions of this section.

(2) The Local Government may make rules prescribing the form of the Register of Adult Workers, the manner in which it shall be maintained and the period for which it shall be preserved.

Hours of work to correspond with Notice under section 39 and Register under section 41.

42. No adult worker shall be allowed to work otherwise than in accordance with the Notice of Periods for Work for Adults displayed under sub-section (1) of section 39 and the entries made beforehand against his name in the Register of Adult Workers maintained under section 41.

Power to make rules exempting from restrictions.

43. (*1*) The Local Government may make rules defining the persons who hold positions of supervision or management or are employed in a confidential position in a factory, and the provisions of this Chapter shall not apply to any person so defined.

(*2*) The Local Government may make rules for adult workers providing for the exemption, to such extent and subject to such conditions as may be prescribed in such rules,—

(*a*) of workers engaged on urgent repairs—from the provisions of sections 34, 35, 36, 37 and 38;

(*b*) of workers engaged in work in the nature of preparatory or complementary work which must necessarily be carried on outside the limits laid down for the general working of the factory—from the provisions of sections 34, 36, 37 and 38;

(*c*) of workers engaged in work which is necessarily so intermittent that the intervals during which they do not work while on duty ordinarily amount to more than the intervals for rest required under section 37—from the provisions of sections 34, 36, 37 and 38;

(*d*) of workers engaged in any work which for technical reasons must be carried on continuously throughout the day—from the provisions of sections 34, 35, 36, 37 and 38;

(*e*) of workers engaged in making or supplying articles of prime necessity which must be made or supplied every day—from the provisions of section 35;

(*f*) of workers engaged in a manufacturing process which cannot be carried on except during fixed seasons—from the provisions of section 35;

(*g*) of workers engaged in a manufacturing process which cannot be carried on except at times dependent on the irregular action of natural forces—from the provisions of section 35 and section 37; and

(*h*) of workers engaged in engine-rooms or boiler-houses—from the provisions of section 35.

(*3*) Rules made under sub-section (*2*) providing for any exemption may also provide for any consequential exemption from the provisions of sections 39 and 40 which the Local Government may deem to be expedient, subject to such conditions as it may impose.

(*4*) In making rules under this section the Local Government shall prescribe the maximum limits for the weekly hours of work for all classes of workers, and any exemption given, other than an exemption under clause (*a*) of sub-section (*2*), shall be subject to such limits.

(*5*) Rules made under this section shall remain in force for not more than three years.

Power to make orders exempting from restrictions.

44. (*1*) Where the Local Government is satisfied that, owing to the nature of the work carried on or to other circumstances, it is unreasonable to require that the periods of work of any adult workers in any factory or class of factories should be fixed beforehand, it may, by written order, relax or modify the provisions of sections 39 and 40 in respect of such workers to such extent and in such manner as it may think fit, and subject to such conditions as it may deem expedient to ensure control over periods of work.

(2) The Local Government, or subject to the control of the Local Government the Chief Inspector, may, by written order, exempt, on such conditions as it or he may deem expedient, any or all of the adult workers in any factory, or group or class of factories, from any or all of the provisions of sections 34, 35, 36, 37, 38, 39 and 40, on the ground that the exemption is required to enable the factory or factories to deal with an exceptional press of work.

(3) Any exemption given under sub-section (2) in respect of weekly hours of work shall be subject to the maximum limits prescribed under sub-section (4) of section 43.

(4) An order under sub-section (2) shall remain in force for such period as it may specify, but in no case for more than two months from the date on which notice thereof is given to the manager of the factory.

Further restrictions on the employment of women.

45. (1) The provisions of this Chapter shall, in their application to women workers in factories, be supplemented by the following further restrictions, namely:—

(a) no exemption from the provisions of section 36 may be granted in respect of any woman; and

(b) no woman shall be allowed to work in a factory except between 6 A.M. and 7 P.M.:

Provided that the Local Government may, by notification in the local official Gazette, in respect of any class or classes of factories and for the whole year or any part of it, vary the limits laid down in clause (b) to any span of thirteen hours between 5 A.M. and 7-30 P.M.:

Provided further that, in respect of any seasonal factory or class of seasonal factories in a specified area, the Local Government may make rules imposing a further restriction by defining the period or periods of the day within which women may be allowed to work, such that the period or periods so defined shall lie within the span fixed by clause (b) or under the above proviso and shall not be less than ten hours in the aggregate.

(2) The Local Government may make rules providing for the exemption from the above restrictions to such extent and subject to such conditions as it may prescribe, of women working in fish-curing or fish-canning factories where the employment of women beyond the said hours is necessary to prevent damage to or deterioration in any raw material.

(3) Rules made under sub-section (2) shall remain in force for not more than three years.

Special provision for night-shifts.

46. Where a worker works on a shift which extends over midnight, the ensuing day for him shall be deemed to be the period of twenty-four hours beginning when such shift ends, and the hours he has worked after midnight shall be counted towards the previous day:

Provided that the Local Government may, by order in writing, direct that in the case of any specified factory or any specified class of workers therein the ensuing day shall be deemed to be the period of twenty-four hours beginning when such shift begins and that the hours worked before midnight shall be counted towards the ensuing day.

Extra pay for overtime.

47. (1) Where a worker in any factory works for more than sixty hours in any week,

or where a worker in a factory other than a seasonal factory works for more than ten hours in any day,

he shall be entitled in respect of the overtime worked to pay at the rate of one-and-a-half times his ordinary rate of pay.

(*2*) Where a worker in a factory other than a seasonal factory works for more hours in any week than are permitted under section 34, he shall be entitled, in respect of the overtime worked excluding any overtime in respect of which he is entitled to extra pay under sub-section (*1*), to pay at the rate of one-and-a-quarter times his ordinary rate of pay.

(*3*) Where any workers are paid on a piece rate basis, the Local Government in consultation with the industry concerned may for the purposes of this section fix time rates as nearly as possible equivalent to the average rate of earnings of those workers, and the rates so fixed shall be deemed to be the ordinary rates of pay of those workers for the purposes of this section.

(*4*) The Local Government may prescribe the registers that shall be maintained in a factory for the purpose of securing compliance with the provisions of this section.

Restriction on double employment.

48. No adult worker shall be allowed to work in any factory on any day on which he has already been working in any other factory, save in such circumstances as may be prescribed.

Control of overlapping shifts.

49. The Local Government may make rules providing that in any specified class or classes of factories work shall not be carried on by a system of shifts so arranged that more than one relay of workers is engaged in work of the same kind at the same time, save with the permission of the Local Government and subject to such conditions as it may impose, either generally or in the case of any particular factory.

(*2*) The certifying surgeon, after examination, may grant to such person, in the prescribed form,—

(*4*) The provisions of section 35 shall apply also to child workers, but no exemption from the provisions of that section may be granted in respect of any child.

(*a*) that any person working in a factory without a certificate of fitness is a child or an adolescent, or

(*b*) that a child or adolescent working in a factory with a certificate is no longer fit to work in the capacity stated therein,

he may serve on the manager of the factory a notice requiring that such person, or that such child or adolescent, as the case may be, shall be examined by a certifying surgeon or by a practitioner authorised under sub-section (*2*) of section 12, and such person, child or adolescent shall not, if the Inspector so directs, be allowed to work in any factory until he has been so examined and has been granted a certificate of fitness or a fresh certificate of fitness, as the case may be.

CHAPTER VI.

PENALTIES AND PROCEDURE.

Penalty for contraventions of Act and rules.

60. If in any factory—

(*a*) there is any contravention—

(*i*) of any of the provisions of sections 13 to 29 inclusive, or

(*ii*) of any order made under any of the said sections, or

(*iii*) of any of the said sections read with rules made in pursuance thereof under clause (*a*) of section 32, or

(*iv*) of any rule made under any of the said sections or under clause (*b*), clause (*c*), or clause (*g*) of section 32 or section 33, or

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 15th August, 1934:—

L. A. BILL No. 38 OF 1934.

A Bill further to amend the Indian Income-tax Act, 1922, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for the purpose hereinafter appearing; It is hereby enacted as follows:— XI of 1922

Short title.

1. This Act may be called the Indian Income-tax (Amendment) Act, 1934.

Amendment of section 49, Act XI of 1922.

2. In section 49 of the Indian Income-tax Act, 1922,— XI of 1922.

(*a*) in sub-section (*1*),—

(*i*) after the words "between the Indian rate of tax" the words "or the appropriate rate of United Kingdom income-tax, whichever is less," shall be inserted, and

(*ii*) the proviso shall be omitted; and

(*b*) to sub-section (*2*) the following clause shall be added, namely:—

"(*d*) the expression 'appropriate rate of United Kingdom income-tax' has the meaning assigned to that expression in section 27 of the Finance Act, 1920, as amended by the Finance Act, 1927."

* The Governor General has been pleased to accord the sanction required by section 57 (2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The scheme for relief from double income-tax between the United Kingdom and British India is based on the recommendation of the Royal Commission on Income-tax to the effect that a doubly-taxed assessee should be granted relief to the extent of the lower of the two rates of tax, or, in other words, that he should pay in the aggregate the higher of the two taxes. This relief is granted partly by the United Kingdom and partly by British India. In accordance with section 27 of the English Finance Act, 1920, the United Kingdom grants a refund either (*a*) at a rate equal to one-half the United Kingdom rate of tax, or (*b*) at a rate equal to the Indian rate of tax, whichever is less. The relief given by British India is regulated by section 49 of the Indian Income-tax Act, 1922, which provides that where the relief obtained in the United Kingdom is at a rate less than the Indian rate of tax, the assessee shall obtain a refund to cover the difference subject to a maximum of one-half the Indian rate of tax. This provision of the Indian law effectively carried out the intention of the scheme so long as the Indian rate of tax was less than the United Kingdom rate. But owing to the recent increases in the Indian rate of taxation coupled with the recent reduction in the British rate of income-tax from 5*s.* to 4*s.* 6*d.* in the pound, a position has now arisen in which in certain cases the effective rate of Indian income-tax is greater than the effective rate of the United Kingdom income-tax. In these cases, section 49 as now worded has the effect of going beyond the original scheme for double income-tax relief and of leaving the assessee, after he has obtained refunds both in the United Kingdom and in India, liable to an amount of tax which is less than if he had been taxed singly at the higher rate. It has accordingly been decided to amend the Indian Income-tax Act, 1922, so as to provide that when the income doubly taxed has obtained relief in the United Kingdom, the balance of relief obtainable in British India shall not exceed the difference between the rate at which relief was obtained and the rate at which the tax was paid in that one of the two countries in which the rate of taxation was lower.

This Bill makes the necessary amendment.

O. M. MARTIN,
Secy. to the Govt. of Bengal.

Agreement.

Memorandum of agreement made this 4th day of August 1934 between the Dadpur Dowki Co-operative Irrigation Society, Limited, a society registered under the Co-operative Societies Act, II of 1912, and having its registered office at Bhagalatipur, police-station Maureswar, district Birbhum (hereinafter

called the Society) of the one part, and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of a weir and irrigation channel in village Dadpur the society has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing 1·05 acres or thereabout situate in the village of Dadpur, pargana Dari-Maureswar in the district of Birbhum and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 40 of the said Act, that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the society under the provisions of section 41 of the above-mentioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, I of 1894, or by the Court to which a reference under part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the society under the last preceding clause not being thereby limited, the society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the society of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the society of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the society.

4. The said land shall be held by the society for the purposes of such construction of a weir and irrigation channel as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said construction shall be completed (and fully equipped in all respects ready for use) within one year from the date on which possession of the said land shall have been given to the society.

6. Should the said construction not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the society, and thereupon the interest of the society in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale, shall pay the proceeds to the society.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon, in which case the Secretary of State shall repay to the society the market value as on the day of re-entry of all the buildings erected by the society and all sums received from the society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only, upon such sale the Secretary of State, after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the society, together with the sum received from the society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the constructions on such terms as the society prescribes and the Collector approves.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or things herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government of Bengal upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

Provided that if the debt in respect of which the application aforesaid is made is in respect of a sum of money beyond the pecuniary jurisdiction of the Court, the Court shall send the execution case to the Court of the District Judge to which the said Court is subordinate, and thereupon the Court of the District Judge or any other competent Court to which it may be transferred by the District Judge will deal with it in the same manner as if the case had been originally instituted in that Court.

Such application shall be made on affidavit verifying the facts alleged and stating that in the belief of the deponent the garnishee is indebted to the judgment-debtor.

46 (B).—Where the garnishee does not forthwith pay into Court the amount due from him to the judgment-debtor or so much thereof as is sufficient to satisfy the decree and the costs of execution or does not appear and show cause in answer to the notice, the Court may order the garnishee to comply with the terms of such notice, and on such order execution may issue as though such order were a decree against him.

46 (C).—Where the garnishee disputes liability, the Court may order that any issue or question necessary for the determination of liability shall be tried as if it were an issue in a suit, and upon the determination of such issue shall make such order or orders upon the parties as may seem just.

46 (D).—Where it is suggested or appears to be probable that the debt belongs to some third person or that any third person has a lien or charge on, or other interest in, such debt, the Court may order such third person to appear and state the nature and particulars of his claim (if any) to such debt and prove the same.

46(E).—After hearing such third person and any other person or persons who may subsequently be ordered to appear, or where such third or other person or persons do not appear when so ordered, the Court may make such order as is hereinbefore provided, or such other order or orders upon such terms, if any, with respect to the lien, charge or interest if any of such third or other person as may seem fit and proper.

46(F).—Payment made by the garnishee on a notice under rule 46(A) or under any such order as aforesaid shall be valid discharge to him as against the judgment-debtor and any other person ordered to appear as aforesaid for the amount paid or levied although such judgment may be set aside or reversed.

46(G).—The costs of any application made under rule 46(A) and of any proceeding arising therefrom or incidental thereto, shall be in the discretion of the Court.

46(H).—An order made under rules 46(B), 46(C) or 46(F) shall be appealable as a decree.

Rampur Boalia, the 2nd September 1934.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 7th September 1934.

Monthly Weather and Crop Report of Bengal for August 1934.

I. *Character of the season.*—During the month under review, the rainfall was above the normal in five districts, while elsewhere it was below the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Harvesting of autumn paddy, cutting, steeping and washing of jute were progressing favourably, but more rain was needed to facilitate the transplanting operation of winter paddy in West and parts of North Bengal.

III. *State of standing crops.*—The state of standing crops is, on the whole, satisfactory.

IV. *Prospects and probable outturn.*—The prospects of standing crops were generally fair. The outturn of sugarcane is expected to be fair.

V. *Damage to standing crops.*—No appreciable damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was generally fair. Sporadic cases of cattle-disease were, however, reported from fifteen districts of the Presidency and from Cooch Behar and Tripura States.

FINAL FORECAST OF THE JUTE CROP, 1934.

Consolidated statement for Bengal, Bihar and Orissa and Assam.

Area.—The revised estimated area for the three provinces is 2,497,000 acres, a decrease of 20,500 acres as compared with the revised final forecast for 1933. The total increase as compared with the acreage in the Preliminary Forecast for 1934, is due to revision in the Bihar and Orissa and Assam estimates.

Yield.—It is estimated that the crop will yield 7,963,800 bales of jute, i.e., less than last year's total (revised) by 48,300 bales.

The consolidated returns are as follows:—

Province.	Area in acres.			Yield in bales.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1934.

[NOTE.—On an average of the five years ending 1932-33, the area under jute in Bengal, to which this forecast relates, represents some 86·0 per cent. of the total area under jute in British India.]

Season.—Excepting drought in the early part of the season, sowings were generally carried out under favourable circumstances. The period covered by this forecast is that of the harvest during which retting operation continued favourably in East and North Bengal. In West Bengal insufficient rainfall and insect attack affected the crop in places.

Condition of the crop.—Excepting for some damage caused by floods in parts of Mymensingh and Tippera, the crop in East and North Bengal is generally satisfactory; elsewhere it is fair.

Area of the crop.—The area under jute is 2,186,100 acres as against 2,168,700 acres in 1933.

Outturn.—As in previous years, the percentage figures are calculated on the basis of divisional normals which remain as follows:—

	Bales per acre.
Dacca and Chittagong Divisions	... 3·7
Rajshahi Division	... 3·5
Presidency and Burdwan Divisions	... 3·2

The total outturn of the crop is estimated at 7,216,000 bales as against 7,092,100 bales last year.

DEPARTMENT OF AGRICULTURE. BIHAR AND ORISSA.

Final forecast of the jute crop of Bihar and Orissa, 1934.

[NOTE.—**On an average of the five years ending 1932-33, the area under jute, to which the Bihar and Orissa forecast relates, represents about 7·4 per cent. of the total area under jute in British India.**]

Acreage.—The final district returns of the eight jute-growing districts of the province show an area under jute of 165,600 acres. Last year's estimate of the area under the crop was 192,100 acres.

Weather conditions.—In March light rain fell in Cuttack and in parts of all the jute-growing districts except Purnea where there was no rain. The fall was below normal everywhere. In April light rain fell in all the jute districts. The fall was below normal everywhere except Champaran In May light rain fell in all the jute districts. The fall was below the normal everywhere. In June rain fell in all the jute districts. The fall was light to moderate everywhere. In July rain fell in all the districts. The fall was above normal everywhere except the Santal Parganas, Cuttack and Balasore. In August rain fell in all the jute districts, the fall being below normal everywhere except Cuttack. The weather conditions are reported to have been favourable in the most important jute district of Purnea and fair to good in the remaining jute districts.

Outturn.—In the important jute districts of Purnea and Cuttack the outturn of the crop has been estimated at 50 and 76 per cent. of the normal respectively. Champaran reports 95 per cent., Muzaffarpur, Darbhanga, Bhagalpur, the Santal Parganas and Balasore report 57, 38, 50, 65 and 64 per cent., respectively.

I estimate that the condition factor this year will not be less than 77 per cent. of the normal. Recent enquiries about the normal outturn per acre show that the normal outturn per acre is $3\frac{1}{3}$ bales, and on this basis the gross outturn on 165,600 acres estimated to be under jute in this province comes to 425,000 bales against 448,200 bales last year. The import of jute from Nepal estimated at 25,000 bales brings the total of the province to 450,000 bales.

There has been some damage to the crop in the Sadar subdivision due to flood. There is no change in area since the submission of the preliminary forecast. The outturn is expected to be normal in Bettiah subdivision.

The decrease in area as well as in outturn is due to the earthquake which covered some portion of lands with sand. Also there has been no cultivation in all of the jute parts of Madhubani subdivision this year.

The decrease in area is due to the fact that partly owing to absence of rains at the time of sowing and partly owing to price of jute market becoming low and price of paddy being higher than last year, the people have sown paddy crop in some of the jute area.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final forecast of the jute crop of Assam, 1934.

[NOTE.—On the average of the five years ending 1932-33, the area under jute in Assam represents some 5·5 per cent. of the total area under jute in British India.]

Season.—As reported in the preliminary forecast, the weather from sowing time was exceptionally wet and culminated in heavy floods, which caused considerable damage in both the Valleys.

Area.—The area under jute has been reported by the Deputy Commissioners to be 145,300 acres, as compared with last year's actual area of 156,700 acres and this year's preliminary forecast of 141,600 acres. The areas reported in the preliminary forecast have been revised in six districts.

Outturn.—The outturn per acre has been estimated to be 59 per cent. of the normal against 81 per cent. of the last year. Taking 3·5 bales of 400 lbs. each, of jute fibre as the normal yield per acre, the total produce of the province this year amounts to 297,800 bales against 446,800 bales (revised) of last year, or a decrease of 33 per cent.

J. N. CHAKRAVARTY,
Director of Agriculture, Assam.

Cachar (Plains)	200	300	300	80	65	800	700	Middle of August. Early.	The weather was not favourable for the cultivation and growth of the crop due to excessive rainfall. Floods in June and July also caused damage to some extent in certain areas and hence the low estimated outturn
Sylhet ..	15,000	14,600	8,600	60	40	30,700	12,000	Middle of August. Normal.	The decrease in area is due to the very low price of jute. The weather in the early part was favourable but the subsequent heavy rains and hailstorm caused some damage to the crop. The heavy flood in June also damaged the crop severely all over the district. These account for the very low outturn.
Goalpara ..	60,000	41,300	40,000	85	60	122,900	84,000	Middle of July. Normal.	The slight decrease in area is due to ordinary fluctuation. The weather was favourable at sowing time but the flood in latter part of July damaged the crop to a great extent, specially in low lying areas and hence the outturn falls below normal.
Kamrup ..	28,000	29,700	29,500	75	55	78,000	56,800	Middle of August. Normal.	The weather was dry at the beginning of the season but subsequently heavy rains interfered with weeding and thinning operations. Flood also caused considerable damage to the crop.
Darrang ..	12,600	14,000	11,700	80	70	39,200	28,700	Middle of July. Normal.	Unfavourable weather condition is responsible for the decrease in area. The crop suffered from excessive rains and heavy flood to a great extent and hence the outturn is estimated to be below normal.
Nowgong ..	50,000	51,800	50,500	90	60	163,200	106,000	First week of July. Normal.	The weather from June to August was unfavourable due to unprecedented flood and frequent rainfall. The flood almost entirely destroyed the crop in certain areas and hence the outturn is estimated to be low.
Sibsagar ..	400	300	300	80	75	800	800	Middle of August. Normal.	The weather from June to August was not favourable owing to heavy rains which checked the healthy growth of the crop. Flood also caused some damage in places.
Lakhimpur ..	1,000	500	300	90	90	1,600	900	First week of September. Normal.	The decrease in area is due to low price of jute. The weather was generally favourable for the cultivation and growth of the crop and the outturn is expected to be a little below normal.
Garo Hills (Plains).	5,000	4,200	4,100	65	55	9,600	7,900	Last week of July. Normal.	The weather was not favourable for the crop from the beginning of the season. Flood also caused considerable damage in places and hence the outturn is estimated to be very low.

Resolution on the Survey and Settlement Report for the year ending 30th September 1933.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

CALCUTTA, THE 7TH SEPTEMBER 1934.

RESOLUTION—No. 971 T. R.

Read—The Survey and Settlement Report for the year ending 30th September 1933.

The main traverse consisted of 1,008 square miles in the district of Rangpur, of which an area of 721 square miles was done by postpointing and the remainder by the ordinary method. Minor traverse work was also done to the extent of an area of 18½ square miles scattered over various districts in the province. In addition, the Survey Department did work of considerable value in comparative mapping, demarcation of boundaries and reproduction of maps. The total number of sheets printed was 10,473.

2. Major settlement operations were in progress in 6, and minor operations in 9 districts. The total area for which a record-of-rights has been completed is now 56,336 square miles out of 65,204 square miles to which the Bengal Tenancy Act applies.

3 During the year settlement operations were closed in the districts of the 24-Parganas and Chittagong, but were in full swing in Burdwan-Hooghly, Malda and Rangpur. The work done by the Air Survey Company was decidedly good. Satisfactory progress was also made in minor operations for re-settlement of the land revenue of Government and temporarily settled estates.

4. The programme of recovery of settlement costs for the year was satisfactorily worked up to except in the district of Malda, where recovery became difficult on account of heavy floods. Out of the total cost of Rs. 34,85,123 recoverable for the 24-Parganas and Chittagong settlements, only Rs. 36,208 remained to be realised at the close of the operations and the recovery for the Burdwan-Hooghly and Malda settlements amounted to Rs. 8,69,226-4 during the year. As in the previous year, the amount realised by certificate procedure was small in proportion to voluntary payments.

5. The popularity of the record-of-rights is increasing and, as in previous years, district officers are unanimous in considering the maps and records to be of great value in every branch of administration.

6. The privilege of realising rent by the certificate procedure under section 158A of the Bengal Tenancy Act continues to be granted to landlords and, during the year under review, this privilege was granted to 20 estates, while 11 more applications for the concession were under the consideration of Government.

7. Mr. J. B. Kindersley, I.C.S., was in charge of the Department throughout the year. The Governor in Council has much pleasure in acknowledging the efficiency and care with which the departments of survey and settlement have been managed in the year under review. His Excellency in Council is also pleased to direct that the good work done by the Survey Officers Mr. I. Newton and Major C. B. Sexton, the Settlement Officers Messrs. O. M. Carter, S. N. Roy (II), A. C. Hartley, Rai Bijay Behari Mukherjee Bahadur, Rai Ramesh Chandra Sen Bahadur, Babu Promode Ranjan Das Gupta and Babu Anil Chandra Lahiri, and by the other officers mentioned in the last paragraph of the report, be recorded.

ORDER—Ordered that the resolution be published in the *Calcutta Gazette*.

In addition to the details required on the previous page, clear information should be given below under the following heads :—

(*a*) If the ordinary surplus is sufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take in, in order to make good the deficiency.

(*a*) A water-rate has been levied at 6 per cent. on the annual value of holdings without water connections and at 7½ per cent. on holdings having water connections. After the scheme is completed about 100 new house connections will be granted and we expect about Rs. 25,000 on this account as royalty fee, which sum will be capitalized and the interest will be utilised for loan charges. This will bring an annual income of Rs. 500.

The aforesaid new house connections will bring in increased revenue at the rate of Rs. 3 per year. Assessment of connected houses being 7½ per cent., instead of 6 per cent. This is also expected to bring an increased revenue of Rs. 300 per year.

There is provision in the estimates for providing meters and the rent of meters will bring an annual income of about Rs. 2,625 annual rent of 525 meters at Rs. 5 per meter, there being 525 connected houses at present.

An anticipated excess consumption, fee of about Rs. 2,000 is expected as a result of check by meters. This is as per rule 16(*i*) of the rules for supply of water for domestic purposes.

It will appear that from the above four items there will be an annual income of Rs. (500+300+2,625+2,000=5,425) which will be sufficient to meet the deficit and loan charges.

(*b*) The reserve of taxation or other possible means of increase in the revenue of the municipality, the rates at which each of the taxes mentioned in column 12 on the previous page are levied, other than tax or persons, should be stated here.

(*b*) The increase in the revenue by the imposition of water-rate, etc., is as above in the usual way. The house tax is levied at 6¾ per cent. on the annual value of holdings. The latrine tax on a scale sanctioned by Government (*vide* page 90 of Government of Bengal, Local Self-Government Department resolution reviewing the reports on the working of municipalities in Bengal, during the year 1930-31). After completion of the waterworks scheme it is expected that there will be more house connections and consequently the income will increase.

Moreover there is a proposal of extension of municipal area which, when given effect to, will bring substantial additional income. The new Bengal Municipal Act has also empowered us, *vide* section 123(*f*), to increase income by various sources which this municipality has not tapped.

(*c*) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable.

(*c*) A loan of Rs. 75,000 being the 1st instalment of the estimated cost of Rs. 2,07,500 was received from the Government on the 20th February 1930 and the second instalment of Rs. 28,000 on 4th December 1931 and Rs. 4,500 on the 3rd April 1933 for the waterworks extension scheme for the east side of the river Lakshya. The annual charges involved on the loan is Rs. 9,285-12, and the amount still payable is Rs. 96,447-3.

(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(*d*) The municipality has Rs. 42,374 in Sinking Fund and Waterworks Improvement Fund kept apart from the ordinary fund.

NOTIFICATION.

No. 587T.F. — 17th September 1934.—In exercise of the powers conferred by Rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers is pleased to make the following amendments to the Fundamental Rules with effect from 29th May 1934, namely:—

Amendments.

1. For clause (*13*) of rule 9 of the Fundamental Rules, the following shall be substituted, namely:—

9(13). Lien means the title of a Government servant to hold substantively, either immediately or on the termination of a period or periods of absence, a permanent post, including a tenure post, to which he has been appointed substantively.

2. After rule 12 of the Fundamental Rules, the following shall be inserted, namely:—

12A. Unless in any case it be otherwise provided in these Rules, a Government servant on substantive appointment to any permanent post acquires a lien on that post and ceases to hold any lien previously acquired on any other post.

3. For Rules 13, 14 and 15 of the Fundamental Rules, the following shall be substituted, namely:—

13. Unless his lien is suspended under Rule 14 or transferred under Rule 14B, a Government servant holding substantively a permanent post retains a lien on that post—

(*a*) while performing the duties of that post;

(*b*) while on foreign service, or holding a temporary post, or officiating in another post;

(*c*) during joining time on transfer to another post; unless he is transferred substantively to a post on lower pay, in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post;

(*d*) subject to the exception in Rule 97, while on leave; and

(*e*) while under suspension.

14. (*a*) The lien of a Government servant on a permanent post which he holds substantively shall be suspended if he is appointed in a substantive capacity—

(*1*) to a tenure post, or

(*2*) to a permanent post outside the cadre on which he is borne, or

(*3*) provisionally, to a post on which another Government servant would hold a lien had his lien not been suspended under this rule.

(*b*) The lien of a Government servant on a permanent post which he holds substantively may be terminated if he is deputed out of India or transferred to foregn service or, in circumstances not covered by clause (*a*) of this Rule, is transferred, whether in a substantive or officiating capacity, to a post in another cadre, and if in any of these cases there is reason to believe that he will remain absent from the post on which he holds a lien for a period of not less than three years.

(*c*) Notwithstanding anything contained in clause (*a*) or (*b*) of this Rule, a Government servant's lien on a tenure post may in no circumstances be suspended. If he is appointed substantively to another permanent post, his lien on the tenure post must be terminated.

(*d*) If a Government servant's lien on a post is suspended under clause (*a*) or (*b*) of this Rule, the post may be filled substantively, and the Government servant appointed to hold it substantively shall acquire a lien on it; provided that the arrangements shall be reversed as soon as the suspended lien revives.

NOTE 1.—This clause applies if the post concerned is a post in a selection grade of a cadre.

NOTE 2.—When a post is filled substantively under this clause, the appointment will be termed a provisional appointment; the Government servant appointed will hold a provisional lien on the post; and that lien will be liable to suspension under clause (*a*) or (*b*) of this Rule.

(*e*) Except as provided in sub-rule (*3*) of Rule 97, a Government servant's lien which has been suspended under clause (*a*) of this Rule shall revive as soon as he ceases to hold a lien on a post of the nature specified in sub-clause (*1*), (*2*) or (*3*) of that clause.

(*f*) A Government servant's lien which has been suspended under clause (*b*) of this Rule shall revive as soon as he ceases to be on deputation out of India or on foreign service or to hold a post in another cadre, provided that a suspended lien shall not revive because the Government servant takes leave if there is reason to believe that he will, on return from leave, continue to be on deputation out of India or on foreign service or to hold a post in another cadre and the total period of absence on duty will not fall short of three years or that he will hold substantively a post of the nature specified in sub-clause (*1*), (*2*) or (*3*) of clause (*a*).

14A. (*a*) Except as provided in clause (*c*) of this Rule and Rule 97, a Government servant's lien on a post may in no circumstances be terminated, even with his consent, if the result will be to leave him without a lien or a suspended lien upon a permanent post.

(*b*) In a case covered by sub-clause (*2*) of clause (*a*) of Rule 14, the suspended lien may not, except on the written request of the Government servant concerned, be terminated while the Government servant remains in Government service.

(*c*) Notwithstanding the provisions of Rule 14(*a*), the lien of a Government servant holding substantively a permanent post shall be terminated on his appointment substantively to any of the offices referred to in sub-rule (*1*) of Rule 97 or to the post of Chief Engineer of the Public Works Department.

14B. Subject to the provisions of Rule 15, the lien of a Government servant who is not performing the duties of the post to which the lien relates, even if that lien has been suspended, may be transferred to another permanent post in the same cadre.

15. (*a*) A Government servant may be transferred from one post to another; provided that, except—

(*1*) on account of inefficiency or misbehaviour, or

(*2*) on his written request,

a Government servant shall not be transferred substantively to, or, except in a case covered by Rule 49, appointed to officiate in, a post carrying less pay than the pay of the permanent post on which he holds a lien, or would hold a lien had his lien not been suspended under Rule 14.

(*b*) Nothing contained in clause (*a*) of this Rule or in clause (*13*) of Rule 9 shall operate to prevent the retransfer of a Government servant to the post on which he would hold a lien, had it not been suspended in accordance with the provisions of clause (*a*) of Rule 14.

4. In clause (*a*) of Fundamental Rule 22, as amended by this department notification No. 125F., dated the 16th January 1931, the words "under Rule 13" shall be deleted and the following sub-clause to that clause shall be added, namely:—

(*iii*) When appointment to the new post is made on his own request under Rule 15(*a*) and the maximum pay in the time-scale of that post is less than his substantive pay in respect of the old post, he will draw that maximum as initial pay.

5. For clause (*b*) of Rule 26 of the Fundamental Rules the following shall be substituted, namely:—

Service in another post, whether in a substantive or officiating capacity, service on deputation and leave other than extraordinary leave count for increments in the time-scale applicable to the post on which the Government servant holds a lien, as well as in the time-scale applicable to the post or posts, if any, on which he would hold a lien had his lien not been suspended.

6. For sub-clause (*i*) of clause (*e*) of Rule 26 of the Fundamental Rules the following shall be substituted, namely:—

The post in Government service on which the Government servant concerned holds a lien as well as the post or posts, if any, on which he would hold a lien had his lien not been suspended, and

7. In clauses (*1*) and (*2*) of Fundamental Rule 30, as amended by this department notification No. 125F., dated the 16th January 1931, the words "under Rule 13" shall be deleted.

8. In Fundamental Rule 31, as amended by this department notification No. 125F., dated the 16th January 1931, the words "under Rule 13" shall be deleted and after the words "provided that" the following shall be inserted, namely:—

except in the case of a Government servant whose appointment to the post in which he is officiating was made on his own request under Rule 15(*a*).

9. For Rule 59 of the Fundamental Rules the following shall be substituted, namely:—

Leave is earned by a Government servant under sections I to V of this chapter if he holds a lien on a permanent post in civil employ or would hold a lien on such a post had his lien not been suspended.

10. For clause (*b*) of Rule 111 of the Fundamental Rules the following shall be substituted, namely:—

The Government servant transferred holds, at the time of transfer, a post paid from general revenues, or holds a lien on a permanent post, or would hold a lien on such a post had his lien not been suspended.

11. In Rule 124 of the Fundamental Rules after the word "lien" the words "or would hold a lien had his lien not been suspended" shall be inserted.

PART V

Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated under section 72 of the Government of India Act.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor General on the 19th August, 1934, and is hereby promulgated for general information:—

ACT No. XX OF 1934.

An Act to give effect in British India to a Convention for the unification of certain rules relating to international carriage by air.

WHEREAS a Convention for the unification of certain rules relating to international carriage by air (hereinafter referred to as the Convention) was, on the 12th day of October, 1929, signed at Warsaw;

AND WHEREAS it is expedient that British India should accede to the Convention and should make provision for giving effect to the said Convention in British India;

AND WHEREAS it is also expedient to make provision for applying the rules contained in the Convention (subject to exceptions, adaptations and modifications) to carriage by air in British India which is not international carriage within the meaning of the Convention;

It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Carriage by Air Act, 1934.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Application of the Convention to British India.

2. (*1*) The rules contained in the First Schedule, being the provisions of the Convention relating to the rights and liabilities of carriers, passengers, consignors, consignees and other persons, shall, subject to the provisions of this Act, have the force of law in British India in relation to any carriage by air to which those rules apply, irrespective of the nationality of the aircraft performing the carriage.

(*2*) The Governor General in Council may, by notification in the Gazette of India, certify who are the High Contracting Parties to the Convention, in respect of what territories they are parties, and to what extent they have availed themselves of the Additional Protocol to the Convention and any such notification shall be conclusive evidence of the matters certified therein.

(*3*) Any reference in the First Schedule to the territory of any High Contracting Party to the Convention shall be construed as a reference to all the territories in respect of which he is a party.

(*4*) Notwithstanding anything contained in the Indian Fatal Accidents Act, 1855, or any other enactment or rule of law in force in any part of British India, the rules contained in the First Schedule shall, in all cases to which those rules apply, determine the liability of a carrier in respect of the death of a passenger, and the rules contained in the Second Schedule shall determine the persons by whom and for whose benefit and the manner in which such liability may be enforced. XIII of 1855.

(*5*) Any sum in francs mentioned in rule 22 of the First Schedule shall, for the purpose of any action against a carrier, be converted into rupees at the rate of exchange prevailing on the date on which the amount of damages to be paid by the carrier is ascertained by the Court.

Provisions regarding suits against High Contracting Parties who undertake carriage by air.

3. (*1*) Every High Contracting Party to the Convention who has not availed himself of the provisions of the Additional Protocol thereto shall, for the purposes of any suit brought in a Court in British India in accordance with the provisions of rule 28 of the First Schedule to enforce a claim in respect of carriage undertaken by him, be deemed to have submitted to the jurisdiction of that Court and to be a person for the purposes of the Code of Civil Procedure, 1908. V of 1908

(*2*) The High Court may make rules of procedure providing for all matters which may be expedient to enable such suits to be instituted and carried on.

(*3*) Nothing in this section shall authorise any Court to attach or sell any property of a High Contracting Party to the Convention.

Application of Act to carriage by air which is not international.

4. The Governor General in Council may, by notification in the Gazette of India, apply the rules contained in the First Schedule and any provision of section 2 to such carriage by air, not being international carriage by air as defined in the First Schedule, as may be specified in the notification, subject however to such exceptions, adaptations and modifications, if any, as may be so specified.

FIRST SCHEDULE.

(*See section 2.*)

RULES.

CHAPTER I.

SCOPE—DEFINITIONS.

1. (*1*) These rules apply to all international carriage of persons, luggage or goods performed by aircraft for reward. They apply also to such carriage when prepared gratuitously by an air transport undertaking.

(*2*) In these rules "High Contracting Party" means a High Contracting Party to the Convention.

(*3*) For the purposes of these rules the expression "international carriage" means any carriage in which, according to the contract made by the parties, the place of departure and the place of destination, whether or not there be a break in the carriage or a transhipment, are situated either within the territories of two High Contracting Parties, or within the territory of a single High Contracting Party, if there is an agreed stopping place within a territory subject to the sovereignty, suzerainty, mandate or authority of another Power, even though that Power is not a party to the Convention. A carriage without such an agreed stopping place between territories subject to the sovereingty, suzerainty, mandate or authority of the same High Contracting Party is not deemed to be international for the purposes of these rules.

(*4*) A carriage to be performed by several successive air carriers is deemed, for the purposes of these rules, to be one undivided carriage if it has been regarded by the parties as a single operation, whether it has been agreed upon under the form of a single contract or of a series of contracts, and it does not lose its international character merely because one contract or a series of contracts is to be performed entirely within a territory subject to the sovereignty, suzerainty, mandate or authority of the same High Contracting Party.

2. (*1*) These rules apply to carriage performed by the State or by legally constituted public bodies provided it falls within the conditions laid down in rule 1.

(*2*) These rules do not apply to carriage performed under the terms of any international postal Convention.

CHAPTER II.

DOCUMENTS OF CARRIAGE.

Part I.—Passenger ticket.

3. (*1*) For the carriage of passengers the carrier must deliver a passenger ticket which shall contain the following particulars:—

(*a*) the place and the date of issue;

(*b*) the place of departure, and of destination;

(*c*) the agreed stopping places, provided that the carrier may reserve the right to alter the stopping places in case of necessity, and that if he exercises that right, the alteration shall not have the effect of depriving the carriage of its international character;

(*d*) the name and address of the carrier or carriers;

(*e*) a statement that the carriage is subject to the rules relating to liability contained in this Schedule.

(*2*) The absence, irregularity or loss of the passenger ticket does not affect the existence or the validity of the contract of carriage, which shall none the less be subject to these rules. Nevertheless, if the carrier accepts a passenger without a passenger ticket having been delivered he shall not be entitled to avail himself of those provisions of this Schedule which exclude or limit his liability.

Part II.—Luggage ticket.

4. (*1*) For the carriage of luggage, other than small personal objects of which the passenger takes charge himself, the carrier must deliver a luggage ticket.

(*2*) The luggage ticket shall be made out in duplicate, one part for the passenger and the other part for the carrier.

(*3*) The luggage ticket shall contain the following particulars:—

(*a*) the place and date of issue;

(*b*) the place of departure and of destination;

(*c*) the name and address of the carrier or carriers;

(*d*) the number of the passenger ticket;

(*e*) a statement that delivery of the luggage will be made to the bearer of the luggage ticket;

(*f*) the number and weight of the packages;

(*g*) the amount of the value declared in accordance with rule 22 (*2*);

(*h*) a statement that the carriage is subject to the rules relating to liability contained in this Schedule.

(*4*) The absence, irregularity or loss of the luggage ticket does not affect the existence or the validity of the contract of carriage, which shall none the less be subject to these rules. Nevertheless, if the carrier accepts luggage without a luggage ticket having been delivered, or if the luggage ticket does not contain the particulars set out at (*d*), (*f*) and (*h*) of sub-rule (*3*), the carrier shall not be entitled to avail himself of those provisions of this Schedule which exclude or limit his liability.

Part III.—Air consignment note.

5. (*1*) Every carrier of goods has the right to require the consignor to make out and hand over to him a document called an "air consignment note"; every consignor has the right to require the carrier to accept this document.

(*2*) The absence, irregularity or loss of this document does not affect the existence or the validity of the contract of carriage which shall, subject to the provisions of rule 9, be none the less governed by these rules.

6. (*1*) The air consignment note shall be made out by the consignor in three original parts and be handed over with the goods.

(*2*) The first part shall be marked "for the carrier", and shall be signed by the consignor. The second part shall be marked "for the consignee"; it shall be signed by the consignor and by the carrier and shall accompany the goods. The third part shall be signed by the carrier and handed by him to the consignor after the goods have been accepted.

(*3*) The carrier shall sign an acceptance of the goods.

(*4*) The signature of the carrier may be stamped; that of the consignor may be printed or stamped.

(5) If, at the request of the consignor, the carrier makes out the air consignment note, he shall be deemed, subject to proof to the contrary, to have done so on behalf of the consignor.

7. The carrier of goods has the right to require the consignor to make out separate consignment notes when there is more than one package.

8. The air consignment note shall contain the following particulars:—

(*a*) the place and date of its execution;

(*b*) the place of departure and of destination;

(*c*) the agreed stopping places, provided that the carrier may reserve the right to alter the stopping places in case of necessity, and that if he exercises that right the alteration shall not have the effect of depriving the carriage of its international character,

(*d*) the name and address of the consignor;

(*e*) the name and address of the first carrier;

(*f*) the name and address of the consignee, if the case so requires;

(*g*) the nature of the goods;

(*h*) the number of the packages, the method of packing and the particular marks or numbers upon them;

(*i*) the weight, the quantity and the volume or dimensions of the goods;

(*j*) the apparent condition of the goods and of the packing;

(*k*) the freight, if it has been agreed upon, the date and place of payment, and the person who is to pay it;

(*l*) if the goods are sent for payment on delivery, the price of the goods, and, if the case so requires, the amount of the expenses incurred;

(*m*) the amount of the value declared in accordance with rule 22 (2);

(*n*) the number of parts of the air consignment note;

(*o*) the documents handed to the carrier to accompany the air consignment note;

(*p*) the time fixed for the completion of the carriage and a brief note of the route to be followed, if these matters have been agreed upon;

(*q*) a statement that the carriage is subject to the rules relating to liability contained in this Schedule.

9. If the carrier accepts goods without an air consignment note having been made out, or if the air consignment note does not contain all the particulars set out in rule 8 (*a*) to (*i*) inclusive and (*q*), the carrier shall not be entitled to avail himself of the provisions of this Schedule which exclude or limit his liability.

10. (*1*) The consignor is responsible for the correctness of the particulars and statements relating to the goods which he inserts in the air consignment note.

(*2*) The consignor will be liable for all damage suffered by the carrier or any other person by reason of the irregularity, incorrectness or incompleteness of the said particulars and statements.

11. (*1*) The air consignment note is *prima facie* evidence of the conclusion of the contract, of the receipt of the goods and of the conditions of carriage.

(*2*) The statements in the air consignment note relating to the weight, dimensions and packing of the goods, as well as those relating to the number of packages, are *prima facie* evidence of the facts stated; those relating to the quantity, volume and condition of the goods do not constitute evidence against the carrier except so far as they both have been, and are stated in the air consignment note to have been, checked by him in the presence of the consignor, or relate to the apparent condition of the goods.

12. (*1*) Subject to his liability to carry out all his obligations under the contract of carriage, the consignor has the right to dispose of the goods by withdrawing them at the aerodrome of departure or destination, or by stopping them in the course of the journey on any landing, or by calling for them to be delivered at the place of destination or in the course of the journey to a person other than the consignee named in the air consignment note, or by requiring them to be returned to the aerodrome of departure. He must not exercise this right of disposition in such a way as to prejudice the carrier or other consignors and he must repay any expenses occasioned by the exercise of this right.

(*2*) If it is impossible to carry out the orders of the consignor the carrier must so inform him forthwith.

(*3*) If the carrier obeys the orders of the consignor for the disposition of the goods without requiring the production of the part of the air consignment note delivered to the latter, he will be liable, without prejudice to his right of recovery from the consignor, for any damage which may be caused thereby to any person who is lawfully in possession of that part of the air consignment note.

(*4*) The right conferred on the consignor ceases at the moment when that of the consignee begins in accordance with rule 13. Nevertheless, if the consignee declines to accept the consignment note or the goods, or if he cannot be communicated with, the consignor resumes his right of disposition.

13. (*1*) Except in the circumstances set out in rule 12, the consignee is entitled, on arrival of the goods at the place of destination, to require the carrier to hand over to him the air consignment note and to deliver the goods to him, on payment of the charges due and on complying with the conditions of carriage set out in the air consignment note.

(*2*) Unless it is otherwise agreed, it is the duty of the carrier to give notice to the consignee as soon as the goods arrive.

(*3*) If the carrier admits the loss of the goods, or if the goods have not arrived at the expiration of seven days after the date on which they ought to have arrived, the consignee is entitled to put into force against the carrier the rights which flow from the contract of carriage.

14. The consignor and the consignee can respectively enforce all the rights given them by rules 12 and 13, each in his own name, whether he is acting in his own interest or in the interest of another, provided that he carries out the obligations imposed by the contract.

15. (*1*) Rules 12, 13 and 14 do not affect either the relations of the consignor or the consignee with each other or the mutual relations of third parties whose rights are derived either from the consignor or from the consignee.

(*2*) The provisions of rules 12, 13 and 14 can only be varied by express provision in the air consignment note.

16. (*1*) The consignor must furnish such information and attach to the air consignment note such documents as are necessary to meet the formalities of customs, octroi or police before the goods can be delivered to the consignee. The consignor is liable to the carrier for any damage occasioned by the absence, insufficiency or irregularity of any such information or documents, unless the damage is due to the fault of the carrier or his agents.

(*2*) The carrier is under no obligation to enquire into the correctness or sufficiency of such information or documents.

CHAPTER III.

LIABILITY OF THE CARRIER.

17. The carrier is liable for damage sustained in the event of the death or wounding of a passenger or any other bodily injury suffered by a passenger, if the accident which caused the damage so sustained took place on board the aircraft or in the course of any of the operations of embarking or disembarking.

18. (*1*) The carrier is liable for damage sustained in the event of the destruction or loss of, or of damage to, any registered luggage or any goods, if the occurrence which caused the damage so sustained took place during the carriage by air.

(*2*) The carriage by air within the meaning of the preceding paragraph comprises the period during which the luggage or goods are in charge of the carrier, whether in an aerodrome or on board an aircraft, or, in the case of a landing outside an aerodrome, in any place whatsoever.

(*3*) The period of the carriage by air does not extend to any carriage by land, by sea or by river performed outside an aerodrome. If, however, such a carriage takes place in the performance of a contract for carriage by air, for the purpose of loading, delivery or transhipment, any damage is presumed, subject to proof to the contrary, to have been the result of an event which took place during the carriage by air.

19. The carrier is liable for damage occasioned by delay in the carriage by air of passengers, luggage or goods.

20. (*1*) The carrier is not liable if he proves that he and his agents have taken all necessary measures to avoid the damage or that it was impossible for him or them to take such measures.

(*2*) In the carriage of goods and luggage the carrier is not liable if he proves that the damage was occasioned by negligent pilotage or negligence in the handling of the aircraft or in navigation and that, in all other respects, he and his agents have taken all necessary measures to avoid the damage.

21. If the carrier proves that the damage was caused by or contributed to by the negligence of the injured person the Court may exonerate the carrier wholly or partly from his liability.

22. (*1*) In the carriage of passengers the liability of the carrier for each passenger is limited to the sum of 125,000 francs. Where damages may be awarded in the form of periodical payments, the equivalent capital value of the said payments shall not exceed 125,000 francs. Nevertheless, by special contract, the carrier and the passenger may agree to a higher limit of liability.

(*2*) In the carriage of registered luggage and of goods, the liability of the carrier is limited to a sum of 250 francs per kilogram, unless the consignor has made, at the time when the package was handed over to the carrier, a special declaration of the value at delivery and has paid a supplementary sum if the case so requires. In that case the carrier will be liable to pay a sum not exceeding the declared sum, unless he proves that that sum is greater than the actual value to the consignor at delivery.

(*3*) As regards objects of which the passenger takes charge himself the liability of the carrier is limited to 5,000 francs per passenger.

(*4*) The sums mentioned in this rule shall be deemed to refer to the French franc consisting of 65½ milligrams gold of millesimal fineness 900.

23. Any provision tending to relieve the carrier of liability or to fix a lower limit than that which is laid down in these rules shall be null and void, but the nullity of any such provision does not involve the nullity of the whole contract, which shall remain subject to the provisions of this Schedule.

24. (*1*) In the cases covered by rules 18 and 19 any action for damages, however founded, can only be brought subject to the conditions and limits set out in this Schedule.

(*2*) In the cases covered by rule 17 the provisions of sub-rule (*1*) also apply, without prejudice to the questions as to who are the persons who have the right to bring suit and what are their respective rights.

25. (*1*) The carrier shall not be entitled to avail himself of the provisions of this Schedule which exclude or limit his liability, if the damage is caused by his wilful misconduct or by such default on his part as is in the opinion of the Court equivalent to wilful misconduct.

(*2*) Similarly the carrier shall not be entitled to avail himself of the said provisions, if the damage is caused as aforesaid by any agent of the carrier acting within the scope of his employment.

26. (*1*) Receipt by the person entitled to delivery of luggage or goods without complaint is *prima facie* evidence that the same have been delivered in good condition and in accordance with the document of carriage.

(*2*) In the case of damage, the person entitled to delivery must complain to the carrier forthwith after the discovery of the damage, and, at the latest, within three days from the date of receipt in the case of luggage and seven days from the date of receipt in the case of goods. In the case of delay the complaint must be made at the latest within fourteen days from the date on which the luggage or goods have been placed at his disposal.

(*3*) Every complaint must be made in writing upon the document of carriage or by separate notice in writing despatched within the times aforesaid.

(*4*) Failing complaint within the times aforesaid, no action shall lie against the carrier, save in the case of fraud on his part.

27. In the case of the death of the person liable, an action for damages lies in accordance with these rules against those legally representing his estate.

28. An action for damages must be brought at the option of the plaintiff, either before the Court having jurisdiction where the carrier is ordinarily resident, or has his principal place of business, or has an establishment by which the contract has been made or before the Court having jurisdiction at the place of destination.

29. The right of damages shall be extinguished if an action is not brought within two years, reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped.

30. (*1*) In the case of carriage to be performed by various successive carriers and falling within the definition set out in sub-rule (*4*) of rule 1, each carrier who accepts passengers, luggage or goods is subjected to the rules set out in this Schedule, and is deemed to be one of the contracting parties to the contract of carriage in so far as the contract deals with that part of the carriage which is performed under his supervision.

(*2*) In the case of carriage of this nature, the passenger or his representative can take action only against the carrier who performed the carriage during which the accident or the delay occurred, save in the case where, by express agreement, the first carrier has assumed liability for the whole journey.

(*3*) As regards luggage or goods, the passenger or consignor will have a right of action against the first carrier, and the passenger or consignee who is entitled to delivery will have a right of action against the last carrier, and further each may take action against the carrier who performed the carriage during which the destruction, loss, damage or delay took place. These carriers will be jointly and severally liable to the passenger or to the consignor or consignee.

CHAPTER IV.

PROVISIONS RELATING TO COMBINED CARRIAGE.

31. (*1*) In the case of combined carriage performed partly by air and partly by any other mode of carriage, the provisions of this Schedule apply only to the carriage by air, provided that the carriage by air falls within the terms of rule 1.

(*2*) Nothing in this Schedule shall prevent the parties in the case of combined carriage from inserting in the document of air carriage conditions relating to other modes of carriage, provided that the provisions of this Schedule are observed as regards the carriage by air.

CHAPTER V.

GENERAL AND FINAL PROVISIONS.

32. Any clause contained in the contract and all special agreements entered into before the damage occurred by which the parties purport to infringe the rules laid down by this Schedule, whether by deciding the law to be applied, or by altering the rules as to jurisdiction, shall be null and void. Nevertheless for the carriage of goods arbitration clauses are allowed, subject to these rules if the arbitration is to take place in the territory of one of the High Contracting Parties within one of the jurisdictions referred to in rule 28.

33. Nothing contained in this Schedule shall prevent the carrier either from refusing to enter into any contract of carriage, or from making regulations which do not conflict with the provisions of this Schedule.

34. This Schedule does not apply to international carriage by air performed by way of experimental trial by air navigation undertakings with the view to the establishment of a regular line of air navigation, nor does it apply to carriage performed in extraordinary circumstances outside the normal scope of an air carrier's business.

35. The expression "days" when used in these rules means current days, not working days.

36. When a High Contracting Party has declared at the time of ratification of or of accession to the Convention that the first paragraph of Article 2 of the Convention shall not apply to international carriage by air performed directly by the State, its colonies, protectorates or mandated territories or by any other territory under its sovereignty, suzerainty or authority, these rules shall not apply to international carriage by air so performed.

SECOND SCHEDULE.

(See section 2.)

PROVISIONS AS TO LIABILITY OF CARRIERS IN THE EVENT OF THE DEATH OF A PASSENGER.

1. The liability shall be enforceable for the benefit of such of the members of the passenger's family as sustained damage by reason of his death.

In this rule the expression "member of a family" means wife or husband, parent, step-parent, grandparent, brother, sister, half-brother, half-sister, child, step-child, grandchild:

Provided that, in deducing any such relationship as aforesaid any illegitimate person and any adopted person shall be treated as being, or as having been, the legitimate child of his mother and reputed father or, as the case may be, of his adopters.

2. An action to enforce the liability may be brought by the personal representative of the passenger or by any person for whose benefit the liability is under the last preceding rule enforceable, but only one action shall be brought in British India in respect of the death of any one passenger, and every such action by whomsoever brought shall be for the benefit of all such persons so entitled as aforesaid as either are domiciled in British India, or, not being domiciled there, express a desire to take the benefit of the action.

3. Subject to the provisions of the next succeeding rule the amount recovered in any such action, after deducting any costs not recovered from the defendant, shall be divided between the persons entitled in such proportions as the Court may direct.

4. The Court before which any such action is brought may at any stage of the proceedings make any such order as appears to the Court to be just and equitable in view of the provisions of the First Schedule to this Act limiting the liability of a carrier and of any proceedings which have been, or are likely to be, commenced outside British India in respect of the death of the passenger in question.

A Bill to consolidate the law relating to customs duties.

WHEREAS it is expedient to consolidate the law relating to customs duties on goods imported into or exported from British India by sea and to customs duties on goods imported into or exported from British India by land; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Tariff Act, 1934.

(*2*) It extends to the whole of British India except the Chief Commissionership of Aden.

*The Governor General has been pleased to accord the sanction required by section 67 (*2*) of the Government of India Act.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf.

Duties specified in Schedules to be levied.

2. (*1*) There shall be levied and collected in every port to which this Act applies, the duties specified in the First and Second Schedules.

(*2*) The Governor General in Council may, by notification in the Gazette of India, fix, for the purpose of levying the said duties, tariff values of any articles enumerated, either specifically or under general headings in the said Schedules as chargeable with duty *ad valorem* and may alter any tariff values for the time being in force.

(*3*) Different tariff values may be fixed for different classes or descriptions of the same article.

(*4*) Nothing in this Act shall authorise the levy of customs duties on any article carried from one customs port in British India to another such port except salt, opium and spirit.

Levy of duty where standard rate and preferential rate are specified.

3. (*1*) Where in respect of any article a preferential rate of revenue duty is specified in the First Schedule if the article is the produce or manufacture of the United Kingdom or of a British Colony, the duty to be levied and collected shall be at the standard rate, unless the article is the produce or manufacture of the United Kingdom or of a British Colony and the article is determined, in accordance with rules made under sub-section (*2*), to be such produce or manufacture.

(*2*) The Governor General in Council may, by notification in the Gazette of India, make rules—

(*a*) for determining if any article is the produce or manufacture of the United Kingdom or a British Colony; and

(*b*) making provision in cases where at the time of importation proof is not forthcoming where required in accordance with the rules made under clause (*a*) that any article is the produce or manufacture of the United Kingdom or a British Colony—

(*i*) whereby duty may be levied at the standard rate and a refund given of the extra duty paid, if such proof is produced within a prescribed period, and

(*ii*) whereby duty may be accepted provisionally at the preferential rate on execution of a bond for the payment of the balance of duty if such proof is not produced within the prescribed period, and for the recovery of any balance due after the expiry of the prescribed period as if such balance were duty short levied within the meaning of section 39 of the Sea Customs Act, 1878. VIII of 1878.

(3) For the purposes of this section and of the First Schedule, the expression "United Kingdom" means the United Kingdom of Great Britain and Northern Ireland, and the expression "British Colony" includes a British Protectorate and any of the Mandated Territories of Tanganyika, the Cameroons under British Mandate and Togoland under British Mandate.

Power of Governor General in Council to alter protective duties.

4. (1) Where, in respect of any article chargeable under the First Schedule with a duty characterised in the third column thereof as protective, the Governor General in Council is satisfied, after such inquiry as he thinks necessary, that such duty has become ineffective or excessive for the purpose of securing the protection intended to be afforded by it to a similar article manufactured in India, he may, by notification in the Gazette of India, increase or reduce such duty to such extent as he thinks necessary either generally or in respect of such article when imported from or manufactured in any country or countries specified in the notification:

Provided that the duty leviable on any such article shall in no case be less than the duty leviable on a like article of British manufacture.

(2) The Governor General in Council may, by notification in the Gazette of India, prescribe the conditions subject to which articles shall be deemed to be of British manufacture for the purposes of this section and of the First Schedule.

Duties on imports and exports by land.

5. Where a customs duty at any rate prescribed by or under this Act or any other law for the time being in force is leviable on any article when imported into, or on any article when exported from, a port in British India, the Governor General in Council may, by notification in the Gazette of India, direct that a duty of customs at the like rate shall be leviable on any such article when imported or exported, as the case may be, by land from or to any territory outside British India, which he may, by a like notification, declare to be foreign territory for the purposes of this section.

Duty on salt, opium and spirit, when protected by a certificate.

6. (1) Salt, opium and spirit imported from any port in British India and protected by the certificate of any officer empowered in that behalf by the Governor General in Council or the Local Government, are chargeable with only the amount, if any, by which the duty leviable thereon under the First Schedule exceeds the duty shown by such certificate to have been already paid in respect thereof.

(2) The amount, if any, paid to the Government as the price of such salt or opium is not duty within the meaning of this section.

(3) Nothing in this section applies to spirit which is exported under bond for excise duty from one customs-port to another customs-port under the provisions of Chapter XIV of the Sea Customs Act, 1878. VIII of 1878.

Application of certain provisions as to duties and goods.

7. So far as regards the presidency of Fort Saint George, the unrepealed provisions of the Madras Inland Customs Act, 1844, and so far as regards the Presidency of Bombay, the unrepealed provisions of the Bombay Land-customs Act, 1857, relating to the levy of duties and to dutiable goods shall, *mutatis mutandis*, apply to duties levied and goods liable to duty under or by virtue of section 5.

VI of 1844.

XXIX of 1857.

Additional import duty on bounty-fed articles.

8. (*1*) Where any country, dependency or colony pays or bestows, directly or indirectly, any bounty or grant upon the production therein or the exportation therefrom of any article and the article is chargeable with duty under the provisions of this Act, then, upon the importation of any such article into British India, whether the same is imported directly from the country of production or otherwise, and whether it is imported in the same condition as when exported from the country of production or has been changed in condition by manufacture or otherwise, the Governor General in Council may, by notification in the Gazette of India, impose an additional duty equal to the net amount of such bounty or grant, however the same be paid or bestowed.

(*2*) The net amount of any such bounty or grant as aforesaid shall be, from time to time, ascertained, determined and declared by the Governor General in Council, and the Governor General in Council may, by notification in the Gazette of India, make rules for the identification of such articles and for the assessment and collection of any additional duty imposed upon the importation thereof under sub-section (*1*).

Special import duty on sugar in certain cases.

9. (*1*) Where the rate of duty or other taxation imposed in any country, dependency or colony upon sugar not produced therein exceeds the rate of duty or other taxation imposed upon sugar produced therein by more than the equivalent of six francs per one hundred kilogrammes in the case of refined sugar or five francs and fifty centimes per one hundred kilogrammes in the case of other sugar, then, upon the importation of any sugar from such country, dependency or colony into British India, whether the same is imported directly from the country of production or otherwise, and whether it is imported in the same condition as when exported from the country of production or has been changed in condition by manufacture or otherwise, the Governor General in Council may, by notification in the Gazette of India, impose, in addition to any other duty or taxation imposed under this Act or any other law for the time being in force, a special duty not exceeding one moiety of such excess.

(*2*) The Governor General in Council may, from time to time, by general or special order, declare for the purposes of sub-section (*1*),—

(*a*) what articles or substances containing any saccharine matter shall be deemed to be "sugar" and what kinds of sugar shall be deemed to be "refined sugar" or "other sugar," respectively; and

(*b*) what sums in the currency of British India shall be deemed to be the equivalent of "francs" and "centimes," respectively.

(*3*) The amount of the excess referred to in sub-section (*1*) shall be from time to time ascertained, determined and declared by the Governor General in Council, and the Governor General in Council may, by notification in

the Gazette of India, make rules for the identification of sugar and for the assessment and collection of any special duty imposed upon the importation thereof under sub-section (*1*).

In contracts amount of increased or decreased duty to be added or deducted.

10. In the event of any duty of customs or excise on any article being imposed, increased, decreased or remitted after the making of any contract for the sale of such article without stipulation as to the payment of duty where duty was not chargeable at the time of the making of the contract, or for the sale of such article duty-paid where duty was chargeable at that time,—

(*a*) if such imposition or increase so takes effect that the duty or increased duty, as the case may be, or any part thereof, is paid, the seller may add so much to the contract price as will be equivalent to the amount paid in respect of such duty or increase of duty, and he shall be entitled to be paid and to sue for and recover such addition, and

(*b*) if such decrease or remission so takes effect that the decreased duty only or no duty, as the case may be, is paid, the purchaser may deduct so much from the contract price as will be equivalent to the decrease of duty or remitted duty, and he shall not be liable to pay, or be sued for, or in respect of, such deduction.

Duration of protective duties and power of Governor General in Council to modify or remit certain duties.

11. (*1*) When the duty specified for any article in the First Schedule is characterised as protective in the third column of that Schedule, that duty shall have effect only up to the date, if any, specified in the seventh column of that Schedule.

(*2*) If, after such inquiry as he thinks necessary, the Governor General in Council is of opinion that the duty specified in the First Schedule in respect of wheat has become unnecessary or excessive, he may, by notification in the Gazette of India, remit such duty or reduce it to such extent as he thinks fit.

(*3*) If, after such inquiry as he thinks necessary, the Governor General in Council is of opinion that the duty specified in the First Schedule in respect of wheat flour is excessive, he may, by notification in the Gazette of India, reduce such duty to such extent as he thinks fit, but not so as to make it lower than an *ad valorem* duty of twenty per cent.

Power to cancel notifications.

12. All notifications published under this Act may be cancelled by the authority publishing the same.

Repeals.

13. (*1*) The Acts mentioned in the Third Schedule are repealed to the extent specified therein.

STATEMENT OF OBJECTS AND REASONS.

The Schedule of import duties contained in the Indian Tariff Act, 1894, has, under the influence of a long succession of amending Acts, become amorphous and the numbering of the items has lost its serial character. The classification of articles is far from scientific, and, in order to ascertain the amount of the duty imposed on many of the items contained in the Schedule and the duration of the duty, it is necessary to collate the Act with other Acts such as the Indian Finance Act, 1931, the Indian Finance (Supplementary and Extending) Act, 1931, and the various protection Acts. In practice commercial bodies and importing merchants have recourse, for the vital information required by them regarding customs duties, to a compilation known as the Indian Customs Tariff drawn up by the Department of Commercial Intelligence and Statistics, which goes some way towards supplying an intelligible statement of the Indian Tariff. This compilation, while reproducing the items contained in the Second Schedule to the Indian Tariff Act, 1894, has recognised the necessity for an extensive rearrangement of the order of those items and for stating the rate of duty on each article, not as it appears in the Schedule to the Indian Tariff Act but as it stands when the effect of the surcharges imposed by the two Finance Acts of 1931 and the modifications of duty made by subsidiary Acts has been allowed for. Despite these readjustments, the arrangement of items in this compilation also leaves much to be desired, and its variation from the Schedule to the Tariff Act, with which it can be co-ordinated only by the use of a complicated index, is a source of continual trouble.

2. The object of the present Bill is to consolidate the existing provisions of law now to be sought in a multiplicity of enactments as far as possible into one measure, thereby enabling the whole or parts of some fifty Acts to be repealed. The Schedule of import tariffs will thus exhibit as far as possible the actual rate of duty payable on each article under the tariff law for the time being, the only duties not included being those imposed by the Salt (Additional Import Duty) Act, 1931, an Act which contains matter which it would be unsuitable to include in the present Bill. At the same time the items subject to duty have been rearranged upon a scientific plan enabling any particular item to be found without the use of an index, and affording a suitable basis for future modification or supplement by legislation.

3. The Economic Committee of the League of Nations has recently devised the framework of a customs nomenclature designed for general international use by countries imposing tariffs on imports. While this framework is still merely a draft scheme not yet adopted by any nation, it offers a scientific classification made by experts of all articles commonly liable to import duties in accordance with which it is possible to rearrange the items contained in our present Tariff Schedule.

4. The framework arranges the whole body of imports under 21 main classes which form the headings of 21 sections. These sections are sub-divided into 86 chapters, which are again sub-divided into 991 basic items capable themselves of further sub-division into sub-items.

5. It has not been possible in this Bill to assimilate the items in our Tariff Schedule to the 991 items in this framework. To do so would necessitate changes of substance which would be unjustified in what is intended to be a purely consolidating measure, which makes no change in the existing law. But it has been possible without making any change of substance to adopt the 21 sectional headings with one subsidiary section for "Articles not otherwise specified", and to group the existing items in our Tariff Schedule under the 86 chapters of the framework, adopting the numbering of these chapters but not their headings.

6. We are thus enabled to take advantage of the logical scheme of classification of commodities evolved by a body of experts. There are obvious advantages in framing our tariff on a model which is likely to be universally adopted, not the least being the fact that familiarity with the British Indian Tariff Schedule will enable Indian commercial interests to understand the tariffs of other countries. Subsequent changes in our Tariff Schedule will not have the effect of producing increased divergence. On the contrary, it will be possible, by using the framework as a guide when alterations are being made, to approximate more and more to the League of Nations scheme.

NOTES ON CLAUSES.

Clause 1.—The commencement clause is designed to enable the Act to be brought into operation on the date on which the Iron and Steel Duties Act comes into force.

Clause 2.—This reproduces sub-sections (*1*), (*2*) and (*3*) of section 3 and sub-section (*4*) of section 2 of the existing Tariff Act.

Clause 3.—This reproduces sub-sections (*3A*) and (*3B*) of section 3 of the Indian Tariff Act, 1894.

Clause 4.—Sub-clauses (*1*) and (*2*) reproduce sub-sections (*4*) and (*5*) of of the Indian Tariff Act, 1894, as these sub-sections will stand when amended by the Iron and Steel Duties Act, 1934.

Clauses 5, 6, 7, 8, 9 and 10 reproduce, respectively, sections 5, 7, 8, 8A, 8B and 10 of the Indian Tariff Act, 1894.

Clause 11.—The duration of practically all the protective duties in the Second Schedule to the Indian Tariff Act, 1894, is determined at present by a duration clause of some kind in the special Acts which made the amendments in the Tariff Act Schedule by which the protective duties were imposed. Thus, the whole of Part VII of the Second Schedule was inserted by the Steel Industry (Protection) Act, 1927, with effect originally only to the 31st March, 1934, and with effect as subsequently amended only to the 31st October, 1934. Act III of 1931, however, while it inserted Item No. 154A in that Part provided that the duty thereon should

have effect up to the 31st March, 1934. Similarly, by Act XXXII of 1931 the duty on Item No. 141-B (Magnesium chloride) which is contained in Part VII is to have effect up to the 31st March, 1939. Again, by Act XIII of 1932 the duty on Item No. 157 (Sugar) which is contained in Part VII is to have effect up to the 31st March, 1938. It is only by reference to the various protection Acts that the duration of these protective duties can be ascertained. In the revised Schedule to this Bill a special column has been inserted in which is specified the date of expiry of every duty of limited duration, this date being reproduced from the relevant protection Act. Sub-clause (*1*) of clause 11 of the Bill explicitly limits the duration of each such duty to the date so specified.

Sub-clauses (*2*) and (*3*) reproduce the effect of section 5 of the Wheat (Export Duty) Act, 1931, allowing the whole of that Act, with three amending Acts, to be repealed, although it does not expire until the 31st March, 1935. The duties imposed by the repealed Act are included in the revised Schedule contained in this Bill.

Clause 12.—This reproduces section 9 of the Indian Tariff Act, 1894.

Clause 13.—This corresponds to sub-sections (*1*), (*2*) and (*3*) of section 2 of the Indian Tariff Act, 1894, except for the verbal modifications rendered necessary by the fact that as that Act itself adopted notifications made under preceding Acts, so it might be necessary for this Bill in turn to adopt the notifications made prior to 1894.

(2) To small consumers.

(*b*) In bulk to persons who now are or hereafter may be distributing licensees, for distribution and sale by them to the consumers within their respective areas of supply, or to consumers the supply of energy to whom may hereafter be sanctioned by Government under section 27 of the Indian Electricity Act. Provided that the distributing licensees so supplied in bulk shall not be at liberty to supply energy to any consumer of more than 100,000 units per annum unless with the permission in writing of the bulk-licensees, and provided also that the licensees shall not supply energy to small consumers within the area of supply of a distributing licensee without the consent in writing of the said distributing licensee.

By way of exception to section 22 of the Act, it is hereby expressly declared—

Firstly, the licensees shall not be under any obligation to supply energy to any small consumer.

Secondly, no large consumer shall be entitled to a supply of energy by the licensees unless the consumer shall not only have complied with the conditions and provisions of section 22 of the Act, but also with the conditions and provisions of clause IX of the schedule to the Act as if that clause applied to large consumers as well as to distributing licensees.

Thirdly, no consumer whether large or small and no distributing licensee shall be entitled to require a supply of energy to be given to him at any point other than one of the licensee's sub-stations.

Fourthly, the area of supply specified in clause 3 shall be deemed to be divided into such sub-areas as may from time to time be approved by Government on the application of the licensee, and each such sub-area shall for the purposes of section 22 of the Act be deemed to be the "area of supply" referred to in that section, and the provisions of section 28 of the Act regarding undue preference shall apply as if each such sub-area were covered by a separate license. The rates, terms, and conditions upon which consumers may demand supply in each sub-area may at the discretion of the licensees differ from those in other sub-areas, but shall be uniform in each sub-area. In deciding the rates, terms, and conditions to be applied to each sub-area consideration shall be given to the cost of the licensees' works, proximity of the consumer's load to one of the sub-stations and to any other matters which may be considered relevant, but in no case shall the maximum rates set out in clause 9 be exceeded.

Conditions of supply and rates to be charged.

6. Within six months from the date of this license, the licensees shall submit to the Local Government a statement of the terms and conditions which they propose to make to regulate their relations with persons who are or who intend to become consumers.

Within the same period, the licensees shall give notice by public advertisement, in such a manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of any such change to the Local Government and the local authority concerned and every consumer of energy who is supplied by them.

C. 525 volts.

The pressures stated above shall be as measured at consumer's terminals and shall be uniform, within the limits prescribed by the rules for the time being in force made under the Act, throughout the area of supply.

Provided always that it shall be lawful for the Government, from time to time, to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise other systems to be adopted for the purpose of this license.

Provided also that the licensees may, from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Method of construction.

8. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, the

rules thereunder and the following provisions:—

(*a*) Within the boundaries of any municipality the licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may prescribe.

(*b*) No conductor of any aerial line shall be at a less distance than four feet horizontally and eight feet vertically from any building or structure whether permanent or temporary.

(*c*) In narrow lanes where it is not possible to maintain an horizontal clearance of four feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (*1*) of the Act.

The limits of rates to be charged in respect of the supply of energy.

9. The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima:—

(*a*) For large consumers and distributing licensees—Annas 4 per unit metered or that number of annas which would at the value of rupee currency for the time being be equal to the gold value of four and-a-half pence sterling which prevailed on the 1st day of January 1931, whichever shall be the greater.

(*c*) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, the maximum rates shall be such as the Government may fix on approving the matter.

Purchase of undertaking.

10. (*a*) The option of purchase given by section 7 of the Act shall first be exercisable on the expiration of fifty years from the date of granting this license and on the expiration of every subsequent period of twenty years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of section 7 of the Act) of lands, buildings, works, materials, and plants of the licensees shall, in accordance with the said section, be 20 per cent.

(*b*) In accordance with section 3, sub-section (*2*), clause (*d*) (*ii*) of the Act, it is hereby declared that the generating station referred to in clause 4 of this license or any other generating station or stations to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(*c*) During the period of notice prescribed in section 7, sub-section (*4*) of the Act, all extensions and outlays of money debitable to the capital accounts of the licensees shall be subject to the previous approval of the Government.

Variations from the Schedule to the Act.

11. In pursuance of section 3, sub-section (*2*), clause (*f*) of the Act, it is hereby expressly declared that clauses I, IV, V, VI, VII, VIII, X, XII and XIII of the Schedule to the Act shall be excepted from incorporation in this license and clause IX shall be verified or modified as follows:—

(5) The licensees shall be at liberty to impose in any agreement thereunder entered into with a distributing licensee a condition that such distributing licensee shall not supply to any one of his consumers more than 100,000 units per annum.

Securing continuity of supply.

12. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 13 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lock-out of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

13. If the licensees shall in the opinion of Government have failed to give such immediate and full information as is required in clause 12 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

"Form" means a Form set out in the Schedule;

"Section" means a section of the Ancient Monuments Preservation Act, 1904 (VII of 1904).

2. When the Governor-General in Council consults a local Government in pursuance of sub-section (1) of section 20 as a preliminary to declaring an area to be a protected area, the Local Government shall, before communicating its observations to the Governor-General in Council, cause a notice of the intended declaration to be published in the local official gazette or in such other manner as the Local Government may deem fit, and the Collector shall cause public notice of the substance of such notification to be given at convenient places on or near the area in question. Such notice shall specify the boundaries of the area, and shall invite any person who objects to the proposed declaration to forward to the Collector a statement of the grounds of his objection within one month of the date on which the notice is exhibited under the orders of the Collector. Any objection forwarded in pursuance of this invitation shall be transmitted to the Governor-General in Council with the observations of the Local Government, and shall be taken into consideration by the Governor-General in Council before he decides whether to make the proposed declaration.

3. On the completion of preliminary excavations or soundings in a protected area vested in any party other than Government or the licensee, or, if the preliminary excavations or soundings are not completed within one year of the date on which they were commenced, on the expiration of one year from that date, the Governor-General in Council shall either cancel the notification under sub-section (1) of Section 20 or direct the Local Government to acquire such area under section 20-C:

Provided that the Governor-General in Council may fix a period within which such preliminary excavations shall be commenced, and, if they be not commenced accordingly, may cancel the notification.

4. No person other than an officer of the Archæological Department, or a person holding a licence under section 20-B shall make excavations in a protected area, and such officer or person shall not make excavations in such area save with the written permission of the Collector.

5. (1) Every application for a licence under section 20-B shall be addressed to the Director General and shall state the qualifications of the applicant, whether a licence is required in respect of the whole of the protected area and, if not, the limits within which it is required, and the amount of labour which the applicant proposes to employ.

(2) On receipt of an application under sub-rule (1), the Director General shall have discretion to grant or refuse a licence:

Provided that the Director General of Archæology in India shall not grant a licence unless he is satisfied of the competence of the society, institution or individual applying for the same.

6. A licence under section 20-B shall not be granted until the applicant has furnished security of such amount as the Governor-General in Council may require. Such security shall be furnished by the deposit of cash or of securities of equivalent value, or, with the permission of the Governor-General in Council, by the execution of a bond with two approved sureties.

7. A licence under section 20-B shall not be transferable and shall remain in force for a period of three years.

Provided that the Director General may extend the duration of any licence and may cancel any licence at any time if he is of opinion that the results of the excavations are unsatisfactory, or on any breach by the licensee, his servant or agent of the conditions of the licence.

Provided further that on any breach by the licensee, his servant or agent of the conditions of the licence the Director General may, in addition to or in lieu of cancelling the licence and without prejudice to the operation of rule 13, direct the forfeiture to Government as a

penalty of the whole or a part of the security furnished under rule 6.

The licensee shall be entitled to appeal to the Governor-General in Council against any orders of the Director General, directing the cancellation of a licence, or the forfeiture of the security in whole or in part under this rule.

8. The Governor-General in Council may recover from the security furnished under rule 6 such portion, if any, as he may in each case think fit of:—

(*a*) the value of any antiquities found in the area in respect of which the licence is held which are lost or destroyed while in the custody of the licensee, his servant, or agent;

(*b*) any compensation payable by Government under sub-section (2) of section 20A in respect of that area;

(*c*) the cost to Government of acquiring that area under section 20C.

9. When any forfeiture of, or recovery from, the security furnished under rule 6 is effected under rule 7 or rule 8 and the licence remains in force, the Director General may require the licensee, within such time as he may appoint in this behalf, to deposit such further sum in cash or securities of equivalent value or, as the case may be, to execute a supplementary bond with two approved sureties for such amount as will restore the original amount of the security and if such further sum or supplementary bond is not deposited or executed within the time appointed, the licence shall be cancelled.

10. On the expiration or cancellation of a licence, the unforfeited balance of any cash deposited, or as the case may be by any bond executed by the licensee, shall be returned to him on the Director General certifying that no liability recoverable under rule 7 or rule 8 is outstanding against the licensee.

11. Every licence under section 20B shall be granted on the following conditions:—

(1) excavations undertaken by the licensee shall be conducted under the supervision of or with the approval of the Director General either by the licensee himself or of a competent archæologist approved by the Director General in conformity with any instructions which the Director General may give. (5) the licensee shall be responsible for the care of all property, moveable or immoveable, found in the course of excavations and shall, if required by the Director General, maintain a guard over the excavations;

(6) the licensee shall not later than the 30th September in each year supply the Archæological Department with a summary report of the main results of the work performed up to the 31st May in that year in a form suitable for publication either by the Archæological Department or in a recognised archæological periodical;

(7) the licensee shall take steps, to the satisfaction of the Director General, to render buildings safe after preliminary excavations and shall also repair any damage done to the ground. If the licensee fails to do so within such time as the Director General may consider to be reasonable, the work shall be carried out by Government and the cost recovered from the cash, security or bond furnished by the licensee under rule 6.

12. A licence under section 20B shall be granted in Form A and the bond referred to in rule 6 shall be executed in Form B.

13. Any person committing a breach of these rules, and any licensee committing a breach of the conditions of his licence shall be punishable with a fine which may extend to Rs. 5,000, and the licensee shall be so punishable for any breach of the conditions of his licence which is committed by a servant or agent of the licensee.

14. Except as provided by sub-rule (6) of rule 11, the Archæological Department shall not without the consent of the licensee publish a report of the results of the operations undertaken by the licensee unless the licensee fails to publish such report within three years of the expiration of the licence, or within that period publishes a report which the Director General considers to be inadequate.

15. Antiquities found by a licensee in the area in respect of which the licence is held shall be disposed of by the Governor-General in Council after consultation with the Director General or, if in any case he thinks fit to appoint a Committee to advise on the subject,

after consultation with such Committee. The disposal of such antiquities shall be subject to the following requirements:

(*b*) subject to the provisions of clause (*a*), the licensee shall be permitted to retain such portion of such antiquities as will be sufficient in the opinion of the Governor-General in Council to recompense him for the expenditure incurred in the course of his operations under the licence;

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 28th August, 1934 :—

COUNCIL OF STATE BILL NO. 3 OF 1934.

A Bill to amend the Hindu Law of inheritance in certain respects and entitling woman to certain rights to the property of a joint Hindu family and to a share of inheritance on partition.

WHEREAS it is expedient to amend the law of property of the joint Hindu family, to declare woman to be entitled to the same rights as men and to a share of inheritance on partition of the Hindu family properties ; It is hereby enacted as follows :—

1. (*i*) This Act may be called the Hindu Woman's Inheritance Act, 193. .

(*ii*) It extends to the whole of British India.

2. Notwithstanding any custom, rule or interpretation of Hindu Law, a Hindu woman shall be deemed to be a member of the coparcenary of which her father is a member and shall be entitled—

(*i*) to the same rights to the property of the coparcenary as the male members thereof ;

(*ii*) to receive the same share on partition of the family properties as a son of her father.

3. This Act shall not be deemed in any way to affect—

(*a*) the terms or incidents of any transfer of property made or effected before the commencement of this Act;

(*b*) the validity, invalidity, effect or consequence of anything already suffered or done before the commencement of this Act;

(*c*) any right or liability created under a partition, or an agreement for a partition, of a joint family property made before the commencement of this Act; or

(*d*) any remedy or proceeding in respect of such right or liability or to render invalid or in any way affect anything done before the commencement of this Act in a proceeding pending in a court at such commencement; and any such remedy and any such proceeding as is herein referred to may be enforced, instituted or continued as the case may be, as if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS.

The rule of Hindu Law excluding the Hindu woman from rights to property of her father or grandfather is too archaic and requires modification having regard to modern conditions. Almost every system of law gives the woman certain rights to family properties and a share on partition. No social reform intended to improve the status of woman can be effective unless her economic position is improved, her rights to property is recognised by law and placed on a fair and equal footing with men of her family. This Bill seeks to place the Hindu woman on the same footing as the men with regard to properties belonging to a Hindu family.

Annual Report of the Royal Botanic Garden and the Gardens in Calcutta and of the Lloyd Botanic Garden, Darjeeling, for 1933-34.

ROYAL BOTANIC GARDEN.

1. **General.**—The year under report has on the whole been favourable for garden operations. Although the early cold season, when attention to annuals falls due, was less favourable than usual for this branch of work, the delay in development of potted and bedded plants was not serious. These came on later and many lasted well into the beginning of the warm weather. There was not the same show of flowers that one wishes to have in the last two weeks of the year or in early January, but those who paid the garden a visit later on were repaid by enjoying a wealth of annuals in flower that is not often seen in this side of India.

Those lovers of plants who take a personal interest in their gardens and who for years back have attended the periodical horticultural shows organised for the public, must be aware of the increasing variety in cold weather annuals attempted for growth in Calcutta. The average horticulturist here is no longer content to limit himself to the few dozen kinds that formerly went to make up his garden stock. Some hundreds may now be seen in gardens in and about Calcutta. This arises chiefly from gardens being better served by those firms who specialise in the supply of seeds and tubers, and, in common with others, the Royal Botanic Garden is alive to the attractions that variety brings and is continually experimenting in the new material offered. Among the annuals that we have had this year and that are but rarely seen about Calcutta were :—species of *Cineraria, Hyacinthus, Narcissus, Angelonia Primula, Scabiosa* and *Dahlia*, with *Mimulus ringens, Agathea coelestis* and *Clianthus Dampieri*. Flowering perennials included species of *Platycodon, Mesembranthemum, Rosa* and *Fuchsia*, with *Sedum spectabile var. atropurpurea, Begonea Dregei, Bletia hyacinthina var. alba* and *Lilium regale*.

A feature of garden work for some years has been the staging out in pots of the annuals and more showy perennial shrubs grown. This was followed with much advantage to the liveliness of the garden during the cold season, but the permanent beds in the open are being steadily developed as well, and the garden tends yearly to lose its former solely park like aspect. Both in the open and in the nurseries stocks are increasing, and while the primary function of the garden is to harbour as large a variety of plants as possible for the botanist, the aesthetic and the claims of the amateur visitor who wants colour in mass are not lost sight of.

From time to time criticisms are made that the economic side of the garden is made secondary to its purely scientific, educational and aesthetic purposes. To some extent such criticism is justifiable, although the distribution during the year of some 15,000 plants, many of which went to roadside planting and other similar economic schemes, should itself relieve the garden of blame in this respect. The development of the economic side of gardening in an institution whose history has been mainly botanical is attended by some risk. The collection and development of the varieties of one or more economic plants such as fruit trees could, no doubt, be done, although to a much greater degree than is the case with an annual plant developed for its agricultural value the breeding and culture of such trees should be limited to areas where they stand the best chance of being grown profitably. Generally speaking, the neighbourhood of Calcutta is not very suitable for fruit culture. A visit to its markets will show that nearly all the fruit in demand is produced at some distance, often far away from it. The best consignments of such common fruits as Mangoes and Lichis, for instance, are not of local origin, and when one examines the economic possibilities of local fruit culture one is arrested by the paucity of suitable lines for experiment. Bananas and the Papayas offer perhaps the best economic possibilities. The advent of cold storage on rail and boat, moreover, has revolutionised the industry of fruit culture throughout the world. Highly developed industries of this kind have failed because similar ones in other parts of the world could put their products in distant markets cheaper and better than could the local gardener. Still the desirability of the development of local fruit remains, and there have been got together at the Royal Botanic Garden young plants of those

varieties of fruits regarding which experimental knowledge is lacking. The south-eastern area of the garden has been prepared for their reception and a beginning made with material which should be of value to the fruit expert whose services will sooner or later have to be called for as the fruit industry develops. One must foresee a dmand for the best varieties for local cultivation by the raiyat who, as education and knowledge spreads, will not always remain satisfied with the "jungly" kinds he now grows.

Progress has been made towards the enrichment of the garden as a repository of the more beautiful and useful tropical and semi-tropical trees and shrubs, and the following additions amongst many others of plants new to or badly represented in the Collections, show what has been accomplished to this end during the year:—

Mundulea suberosa, Carya olivaeformis, Ostodes zeylanica, Agathis australis, Barringtonia speciosa, Flindersia australis, Cupressus sp., Strelitzia reginae, Tabebuia Guayaeum, Raffa rufia, Solanum glaucum, Alstonia sericea and *Thea sp.*

Some special groups of plants have also been selected for attention. The garden of medicinal plants started some time ago has been added to and renewed and plants of the families *Magnoliaceae, Oleaceae, Rosacea, Rubiaceae,* etc., grouped together on account of their sweet scented properties. The spices too have been grouped and a new plot of Xerophytic plants started in Division No. II. The quaint morphological characters of some of these make them objects of attraction although it cannot be said that generally they stand out on account of their beauty. That they have their appeal, however, is proved by the interest taken in a somewhat similar group of Cacti and other Xerophytes staged for display at Lady Ezra's Nature Study Exhibition held during the cold weather. Among these were plants that have come down to us from the days of the Hon'ble Company still in the original pots bearing dates as far back as 1835.

The experiments on *Amherstia nobilis* referred to in last year's report are being continued. A quantity of fertile seed obtained from trees which formerly produced none justifies the continuation of the method of artificial pollination. There is a steady demand for this tree for gardens, parks and roadsides and the natural sources of supply in Burma being limited and uncertain, success in the production of viable seed within the garden would constitute a distinct horticultural advance.

The general appearance of the garden has been well maintained, the constant usage of the motor tractor with machine mowers making it possible to conserve the lawns and vistas in a manner that was not possible when we had to depend on grasscuts alone.

The gardens have at last been relieved of the duty of maintaining the river bank. This is a great relief to garden officers. Funds should now be available to repair some of the deterioration to garden work proper that the long drain occasioned by the maintenance of the bank involved. A section of the bank towards the western end of the garden has been fully revetted and it is hoped, during the current year, to effect an improvement in the bank to the eastern side of the ghat opposite the newly erected kiosk. As is quite natural this is the part of the garden now most frequented. The kiosk has been finished; it is beautifully equipped and is now doing good service for a public who should not be slow to take advantage of the benefits it offers. Not only drinking water which has been our longest standing want here but all sorts of refreshments and recreations are offered. The kiosk was opened by the Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur, Minister, in the presence of a large and representative gathering who admired its proportions and beauty and had the chance of recognising what a boon it would be to the garden visitor. All classes of visitors to the garden have increased since it was opened and it is gratifying to recognise that it is being used in conjunction with the main attractions of the garden and not to the exclusion of these.

Our thanks for its erection are due to the Calcutta Electric Supply Corporation.

For a public which in increasing numbers select a car as a means of approach, the conditions of the roads is a matter of some importance. Both the gardens themselves these are in a fair state of repair while the approach roads are distinctly better than they used to be.

2. **Plant and seed exchange.**—Records show some 15,562 plants distributed while 1,754 plants were received on exchange account from various gardens, etc., in Asia, Europe and America. Packets of seeds 363 and 110 lbs. were distributed and 233 packets and 4½ lbs. received.

3. **Herbarium and Library.**—The number of correspondents forwarding material for identification exceeds one hundred this year. The total number of specimens identified is 2,953 exclusive of South Burma and Bengal specimens which were acquired by the department direct. The largest collections accrue from the Northern Baripada district which is being worked by Dr. Bor. These total some 1,300. Next in volume come collections belonging to Assam, the flora of which is under preparation by Mr. A. Das of the Forest Department. Mr. Das has spent considerable periods at Sibpur and is in regular communication when away regarding the identity of material being written up for the flora. A number of species new to science have been recognised in the course of this work. These will be published in due course. Amongst other collections of smaller magniture are Rao Sahib Ram Chandra Rao's material from the North West Frontier, material from the General Secretary for the Sikkim Raj including *Primula* species referred to Edinburgh, and some 230 specimens of the Ferns and Fern allies from South Burma. Very many single specimens or small lots from miscellaneous collectors arrive and the usual numbers of identifications of drug plants in connection with excise cases have been attended to.

The total number of botanical specimens distributed exceeds 1,000. As usual these have gone to a worldwide range of correspondents. Among the Indian recipients may be mentioned a collection for the School of Tropical Medicine to allow of the building up there of a small reference herbarium of medicinal plants and a fair collection of Malayan duplicates to the Forest Research Institute, Dehra Dun. Some 1,781 specimens were sent on loan of which our material of the genus *Derris*, numbering some 947 sheets, to the Bureau of Manila, constitutes the main consignment. Another of 134 sheets of *Rhododendron* has gone to Edinburgh.

About 417 specimens have been presented to the herbarium by way of exchange. A Japanese collection of 200 sheets is welcome as the flora of this part of the world is but feebly represented at Sibpur. The Smithsonean Institute has sent about 80 duplicates and the Singapore herbarium some 36. Various particular requests for work abroad have been attended to as facilities offered. Aquatics of the genera *Vallisneria*, *Azolla*, *Lemna* and *Ceratophyllum* went to Germany for research purposes; *Selaginella* species of the garden went to Dr. Alston at the British Museum. Requests are so varied that it is not always possible to meet them fully, but every reasonable attempt is made to comply with requirements when these do not run the department into expenditure.

About 3,048 sheets have been mounted during the year and 4,247 incorporated. Species or genus covers to the number of 697 have been written up and substituted for some of those that had become defective through use and age.

Visiting botanists have included Mr. Chakravarty deputed by Col. Chopra in connection with work on medicinal plants and medicinal herbarium, Mr. T. S. Sabnis, Economic Botanist to the Government of the United Provinces, in connection with work on the cultivated species of *Brassica* and Mr. Parkinson of the Forest Research Institute, Dehra Dun, who visited to examine our material of *Dipterocarpus* and who while here very kindly helped in the identification of critical South Burma material and with specimens of Bamboos.

Exploration has had to be limited but funds were available to allow of work being done on the imperfectly known flora of the Bhutan border from the plains to Sinchu La. A fuller knowledge of the botanical features of this region must precede any complete revision of the flora of Bengal.

The usual routine work of the library was carried on. Some 35 purchased periodicals have been regularly received and almost double the number acquired on an exchange basis. This is not a lending library in the full sense but to known workers and researchers books which can be spared go out at the discretion of the librarian. During the year some 38 volumes were on loan. Repair work includes the binding or rebinding of 80 volumes. Work on the library catalogue is nearing completion.

With the arrangement of the plates the distribution of Annals, Volume XIII, Asiatic Palms, *Corypheae*, has been completed.

4. **Publications.**—The first part of Prain and Burkill's monograph of the genus *Dioscorea* has been finished; the second is passing through the Press. Plates for the work will be completed in 1934-35.

The following publications have been made by the Curator of the Herbarium:—The Role of Acquatic Vegetation in the biology of Indian Waters; Distribution of wild Conifers in and the living Conifers of the Indian Empire; Note on Ficus Indica and Allied Species. Together with the writer he is engaged on a treatise on Indian Water Plants. This is intended primarily for distribution by the Malaria Survey of India to workers engaged on the distribution of the malaria carrying mosquitoes. The work is to be illustrated by over 100 figures of the commoner water plants; the plates have been struck off.

Mr. Narayanaswami, assistant in the Survey, whose work runs parallel with that of the Curator of the Herbarium, has taken his share of the duties falling to the department. He has papers ready on the systematic position of certain *Dendrobiums* and on the Indian species of *Glycosmis*. His paper on the Provenance of Early Malayan Collections embodying the results of much herbarium and library research has been published in the Journal of the Asiatic Society of Bengal. He has also got ready what will be a voluminous compilation of references to all work hitherto done on Indian Botany.

Of other works, partly done in this herbarium, the publication of Mr. Badhwar's research on the Santonin bearing Artemisias of the North-West is noted. This will be distributed when orders issue. A very material advance in our knowledge of the problems that underly a successful development of a Santonin industry in North India is available from Mr. Badhwar's work.

5. **Finance.**—Out of the total budget allotment of Rs. 52,847 for staff and permanent establishment, Rs. 52,842 were spent and under all other heads the expenditure amounted to Rs. 49,920 against the total allotment of Rs. 50,497. A sum of Rs. 218 was surrendered under the head "Allowances, honoraria, etc. (voted)." There was a net saving of Rs. 364 under all heads during the year. Receipts of the department during the year amounted to Rs. 1,411.

6. **Staff.**—Mr. C. C. Calder was Superintendent throughout the year. Mr. K. Biswas was Curator of the Herbarium throughout the year. Mr. N. Mitra was Curator of the Garden from April 1933 to 1st March 1934. He was on leave from 2nd to 31st March 1934. Mr. Merlin Jones, Assistant Curator, Government Gardens, Calcutta, was acting Curator, Royal Botanic Garden, Calcutta, during the period of leave of Mr. N. Mitra. Maulvi Md. Quasem Ali was officiating Assistant Curator, Royal Botanic Garden, Calcutta, throughout the year excepting for the period for 4 months from June 1933 to September 1933 and from 2nd to 31st March 1934 when he was officiating Assistant Curator, Government Gardens, Calcutta.

Mr. K. S. Joneja held the post of Overseer from April to May 1933 and from October 1933 to 1st March 1934. He was promoted to act as Assistant Curator, Royal Botanic Garden, Calcutta, from June to September 1933 and again from 2nd to 31st March 1934. Mr. Sachindra Nath De was officiating Overseer, Royal Botanic Garden, from 14th to 31st March 1934.

Mr. A. T. Banerjee was Head Clerk throughout the year. All the officers and clerical staff of the various gardens have performed their duties satisfactorily.

CALCUTTA GARDENS.

Work in these gardens was again mainly of a routine character. As elsewhere the prolonged rains affected the early flowering of the cold weather annuals. The advent of the M. C. C. to the Calcutta Cricket Club grounds in the Eden Gardens gave a certain amount of additional work to the staff. It is impossible to have such crowds as attended the cricket in the neighbourhood of the garden and the ride to be present and leave no damage, and, in fact, the ride and hedges will not gain their former condition till fresh planting and rolling become possible during the ensuing rains.

Several improvements have been effected in all the gardens by the planting of new ornamental trees and shrubs. Some 24 new specimens were put in as additions or replacements during the year while the stocks of ferns, potted palms and orchids were maintained and increased by propagation. Amongst the orchids 24 bundles of Vandas and 12 of Dendrobiums were added.

The lease of the tank in the Eden Garden for fishing purposes has had to be withdrawn on account of failure on the part of the lessee to maintain the tank in a clean condition. The proximity of these tanks and waterways to important residential and Government buildings in Calcutta makes their sanitary conditions of more than ordinary importance. They are all badly in need of excavation which makes their employment as reservoirs for fish a hazardous undertaking for any one who contracts to keep them clean. It may not be generally realised how quickly aquatic vegetation accumulates in shallow tanks. A long series of observations made in these garden confirms experience elsewhere. The effect of dragging floating vegetation to the surface and cleaning out will not last for longer than about three weeks at certain times of the year. The letting in of light which results from the process immediately causes a fresh mass of vegetation to develop from the shallow bottom. Nothing but excavation will keep it down permanently.

The Dalhousie Square Gardens were kept in their usual state of repair while the Curzon Gardens are steadily improving and getting more parklike by the growth of the young flowering trees and shrubs planted some years ago.

Finance.—Out of the total budget allotment of Rs. 30,751 under all heads, Rs. 30,606 were spent. A sum of Rs. 112 was surrendered leaving a saving of Rs. 33.

Staff.—Mr. Merlin Jones was Assistant Curator, Government Gardens, Calcutta, for April and May 1933 and from October 1933 to 1st March 1934. He was on leave for 4 months from June to September 1933. Maulvi Md. Quasem Ali officiated as Assistant Curator, Government Gardens, Calcutta, from June to September 1933 and again from 2nd to 31st March 1934. Mr. G. Mohiuddin was Overseer throughout the year.

LLOYD BOTANIC GARDEN, DARJEELING.

A fairly heavy rainfall of 129 inches was experienced here during the year. The monsoon, heavy and prolonged, resulted in seed beds having to be replaced but no climatic disturbance to cause permanent destruction to the garden was experienced. Garden routine work was satisfactorily maintained throughout the year. The rockery was renovated and seedlings of Alpines and temperate regions planted. These include species of *Meconopsis*, *Anemone*, *Senecio* and *Renunculus*. The beds of *Meconopsis paniculata* and *cambrica*, *Primula cashmiriana* and *Cathcartea villosa* grown from acclimatised seeds and of *Lilium nepalense giganteum* and *Wallichii* are reported to have been particularly fine.

Repairs to the gardens include a renovation of the western portion of the garden road which approaches the lower gate, a revetment of the wall south of the nursery and work on the ferro-concrete manure pit.

The usual pruning and cleaning of young trees and shrubs was attended to and casualties were made good from duplicates in the nurseries. Some 250 young plants were put out to permanent situations during the year. These include *Magnolia, globosa* and *Trichosanthes palmata* new to the garden. Minor repairs to seats, shelters and the glass houses in the nursery were undertaken as necessary.

Some 1,851 packets of seeds, 243 plants and 9,593 seedlings were distributed to botanical and scientific institutions during the year. The exchanges received direct by the Lloyd Botanic Garden are naturally heavy. They come from all parts of the world; a particularly valuable lot of seeds has this year been received from the Sun Yat Sen Memorial Park, China, which is repaying the garden for consignments of plants and seeds sent there. The seeds from China which include much that will be new to the garden have germinated very well.

The register shows 55,879 visitors to the garden during the year which itself is a mark of the interest taken in it and of its recreational and educational value.

Finance.—Out of the total allotment of Rs. 15,402 under all heads, Rs. 14,959 were spent and a sum of Rs. 412 was surrendered leaving a small saving of Rs. 31.

Staff.—Mr. S. N. Basu held charge of the Lloyd Botanic Garden throughout the year.
